

Don't Allow/Allow Attendees to Unmute

Select the **Show participants** icon on the toolbar.

Click the **More options** dots (...) in the Participants pane.

Select **Don't allow attendees to unmute** in the drop-down menu.

Click the **Don't allow** button.

⚠ Don't allow attendees to unmute?

Attendees won't be able to unmute themselves. The meeting organizer and presenters can let attendees unmute as needed.

Cancel

Don't allow

In order to allow attendees to unmute, click **More options** dots (...).

Select **allow attendees to unmute** in the drop-down menu.

Click the **Allow** button.

🔊 Allow attendees to unmute

🔊 Don't allow attendees to share video

⚠ Allow attendees to unmute?

Everyone in the meeting will be able to unmute themselves.
