

Hodge Flight Services

Free Introduction to Flight Course

LEARN WHAT IT TAKES TO BE A PILOT

Hodge Flight Services is offering **free** to a lucky participant at the **Girls In Aviation Day Event**, who is at least 13 years old, an opportunity to learn what it takes to become a pilot.

You will be guided by a certified flight instructor (CFI) through (4) one hour course sessions covering the basics of flight, aircraft systems, and pilot training requirements. Training includes ground instruction, flight simulator activities, as well as a demonstration flight in a Cessna 172 airplane. Training will take place at the Hodge Flight Services facility located at the Concord Airport.

Selection will be based on the best essay received regarding what you learned from attending the Girls Aviation Day Event, and your interest in aviation.

Your essay should be no more than 400 words, and submitted to Info@hodgeflightservices.com, no later than **October 19th 2024**. Include with your essay, your name, age, parent / legal guardian name and their email address. The essay winner will be notified by November 4rd 2024. The course must be completed by end of March 2025.
