

PROLINE DEFEND

EXTERIOR PROTECTANT

Proline Super Concentrated Defend is a version of proprietary innovation of concentrated, high foaming polymer protectants designed to protect all automotive exterior surfaces including wheels from UV degradation, oxidation, bugs, tree sap, acid rain and other environmental threats by forming a lustrous shine and resistant barrier. Defend also assists with vehicle drying.

The following represents recommended concentrations according to application:

- **Automatic Car Wash:** Apply before final rinse at approximately 1:180 - 1:256 depending on product dwell time before rinse.
- **Hand Sprayer:** Thoroughly wash vehicle and rinse all residual soap.
- Apply to entire exterior at approximately 1:256 allow to dwell for one minute and rinse.

Consult with your Top Line Chemical Solutions representative for maximum results.
