FOAMING BUG BLASTER

BUG DISSOLVER & DEGREASER

"Top Line Chemicals is dedicated to your bottom line performance."

Foaming Bug Blaster delivers an impressive bright green foaming show and a pleasant natural citrus fragrance while safely and effectively removing bug deposits, bird dropping, tree sap and road soil deposits on all automotive exterior surfaces.

Recommended dilutions vary depending on product application, available dwell time, car wash configuration, ambient temperature, and other environmental conditions.

- General foaming application dilution range during heavy bug season is 1:6 – 1:12
- During cooler seasons 1:15-1:20

For best results apply product from the bottom up on vertical surfaces.

Consult with your Top Line Chemical Solutions representative for maximum results.
