

## IDEAL GLASS

### WINDOW TREATMENT

*"Top Line Chemicals is dedicated to your bottom line performance."*

Ideal Glass cleaner is a none streak formula effectively cleans and is safe when applied on factory and aftermarket window tinting. Best if used with clean microfiber towel, huck towel, or other non-linting cloth/paper.

Ideal Glass cleaner may be uniquely used at full strength or diluted up to 1:30. In hot climates during summertime temperatures above 85° 1:20 to 1:30 is the best dilution range. In cooler environments 1:10 to 1:15.

Ideal Glass cleaner also works well as a multi-surface cleaner that will not leave sticky residue.

Consult with your Top Line Chemical Solutions representative for maximum efficiency and results.
