

## PERFORMANCE WHEEL & TIRE

### HI PH WHEEL AND TIRE CLEANER

*"Top Line Chemicals is dedicated to your bottom line performance."*

This sophisticated non-acid formula of uniquely blended surfactants and other proprietary ingredients offer unsurpassed Hi pH all-in-one wheel and tire cleaning. Performance Wheel and Tire provides safe and effective cleaning on most types of wheel materials including clear coated, painted, mag alloy, and aluminum. Not recommended for highly polished, unprotected aluminum as with any types of detergents.

Recommended concentrations vary depending on product application, temperature, and local environmental soil conditions:

- Wheel & Tire Cleaner- 1:30 – 1:6
- Presoak- 1:256 – 1:128
- Degreaser- 1:30 – 1:10
- Shop Floor Cleaner- 1:128 – 1:64

**Hand Applied:** best applied to a dry, ambient temperature surface. For best results on vertical surfaces spray product from the bottom-up and allow to dwell for approximately 1-2 min depending on temperature. Then pressure rinse thoroughly. Note: some wheels and tires may require brushing before rinse.

**CTA:** best applied on dry surfaces so position application before first presoak or pre-rinse. Set volume between 15-25 mils/vehicle depending on average soil load. May be hand applied during prep.

Consult with your Top Line Chemical Solutions representative for maximum results.
