

PROLINE IDEAL GLASS

GLASS CLEANER

ProLine Ideal Glass cleaner's concentrated non-streak formula effectively cleans and is safe when applied on factory and aftermarket window tinting. Best if used with a clean microfiber towel, huck towel, or other non-linting cloth/paper.

ProLine Ideal Glass cleaner also works well as a multi-surface cleaner that will not leave sticky residues. Another popular use is for cleaning car wash tunnel automatic buff and dry materials and can be safely applied through automatic pumping systems.

ProLine Ideal Glass cleaner is generally diluted from 1:15 to 1:20. In hot climates during summertime temperatures above 85° 1:20, in cooler environments 1:15.
