

PROLINE REVENGE

BUG DISSOLVER & DEGREASER

Proline Revenge Bug Dissolver hyper-concentrated formula safely and effectively removes bug deposits, tar, bird droppings, tree saps, and other road soils on all automotive exterior surfaces.

Recommended concentrations vary depending on product application, dwell time, car wash configuration, ambient temperature, and other environmental conditions.

General dilution ranges:

- During heavy bug season are 1:12 – 1:25
- During cooler seasons 1:30 - 1:60.

For best results, apply product from the bottom up on vertical surfaces.

Note: Make sure any pumping system used to apply this product is equipped with Viton seals to ensure proper material compatibility.

Consult with your Top Line Chemical Solutions representative for maximum results.
