

PROLINE TRUE POLISH YELLOW **WINDOW TREATMENT**

Proline Super Concentrated True Polish Yellow dramatically improves wet weather driving visibility through innovation of concentrated, high foaming polymer protectants. True Polish Yellow delivers water repellency for automotive glass and may be used on all automotive exterior surfaces. The lustrous shine and resistant barrier to environmental elements provides superior exterior protection.

Recommended concentrations according to application:

Automatic Car Wash: 1:90-1:192 depending on desired color, foam level, and product dispensing application.

Hand Sprayer: Thoroughly wash vehicle and rinse all residual soap. Foam onto entire exterior at approximately 1:128 allow to dwell for one minute and rinse.

Consult with your Top Line Chemical Solutions representative for maximum efficiency and results.
