RESOLVE

WATER RECLAIM TREATMENT

"Top Line Chemicals is dedicated to your bottom line performance."

Resolve water reclaim deodorizer works efficiently to remove and prevent foul odors from car wash water reclaim and drain systems. Its simple application ensures that car washes will operate without mal odors that can adversely affect the customer experience as well as the car wash operating staff.

Directions: For best results reclaim tanks should be pumped out within approximately two months or less of initial application to ensure product effectiveness.

Step 1: Pour 16 oz. of Resolve into each of the reclaim holding tanks.

Step 2: Dual-educt Resolve into wrap foam application using the weakest ultra-lean tip to reach approximately 1-2mil per application.

Consult with your Top Line Chemical Solutions representative for maximum results.
