# 1

# 2000 GALLON GREASE TRAP SINGLE BAFFLE

General Notes: 1. Unit comes with interior piping installed.  
2. Inflow section of unit must be filled with at least 14.5" of clear water prior to use.

Technical drawing of a rectangular tank. The overall dimensions are 11' 6" in length and 5' 2" in width. The drawing shows a 4" INLET on the left side, a 2" VENT HOLE on the top edge, and a 4" OUTLET on the right side. The tank is divided into two sections by a vertical partition. The left section has a diameter of 4' 8" and the right section has a diameter of Ø1'-7". The drawing also shows a 3" dimension for the distance from the inlet to the partition and a 3" dimension for the distance from the partition to the outlet. The drawing is labeled with dimensions and component names.
