

## About Us

Here at Beyond Birth, we aim to nurture growing families by providing them with the tools, support and knowledge they need to flourish throughout pregnancy, labour and beyond.

At BBC we offer unique and tailored *Placenta Encapsulation* and *Doula Services* as we believe a mother will thrive if she has her tribe.

Qualified and certified with the APPA (Association of Placenta Preparation Arts) in

# Benefits of Placenta Encapsulation

The possible benefits of placenta encapsulation include:

- Decreased postpartum mood disorders
- Increased production of oxytocin
- A decrease in stress hormones
  - Restoration of iron levels
  - Increased milk supply

# Placenta Services

## PLACENTA ENCAPSULATION

Placenta encapsulation is a process where a whole placenta is transformed into pills that can be taken postpartum.

## PLACENTA TINCTURE

Great for emotional, physical and psychological instability, beneficial for treating PMS.

## PLACENTA ESSENCE

Placenta Essence is very popular and extremely helpful at times of illness or stress from teething pain or colic.

## PLACENTA CORD AND ART KEEPSAKE

To honour and treasure the umbilical cord I can be dehydrate it into a special shape so you and your baby can keep it for a lifetime

A placenta print is using your baby's placenta to make a print on paper as a keepsake.
