Dear South Valley Area Planning Commission,

Valley Village Homeowners Association stands in solidarity with the beautiful neighborhood and neighbors of Tujunga Village and Studio City - as well as the parents and schoolchildren of Walter Reed Middle School and The Wesley School.

This 58 Ft Verizon Cell Tower belongs on a stretch of highway away from homes, not in the middle of a residential neighborhood full of families and schoolchildren.

The research on this is very clear – cell towers emit EMF's and EMF's are very harmful particularly to children. The placement of this tower will have long lasting negative consequences for the surrounding community.

Sincerely yours,

A handwritten signature in cursive script that reads 'Beth Fulton'.
