### Why are you seeking the Conservative endorsement?

Even though I am a registered Republican I have conservative values and am seeking to be on the conservative line endorsement .

### Why are you running for office?

I have a strong community upbringing where serving your community is an honor and have felt the call to serve the community I have called home.

### What is the top issue facing your community? How will you address it?

Economic growth is a huge issue. I would seek out every avenue to bring new businesses to our community as well as trying to uphold the small business community that are so valuable but struggling to put money on the table for their families.

### How will you make government more efficient?

By being as transparent as glass with my decisions and reasons behind them. Being able to prove that my decisions are based solely on what I feel is best for the town as a whole not certain individuals.

### Do you think the SAFE Act has helped or hurt New York?

Where as I am a gun owner we need to be able to try and keep guns out of those that are meaning to do bad things but not penalize the law bidding citizens at the same time. Bad people dont get weapons from legal avenues. People need to be allowed to defend themselves and their homes.

### Do you consider yourself Pro-Life or Pro-Choice?

I am pro-life
