

# First Time Conservative Endorsement Questionnaire

## Petition Information

Your Conservative petition must match your other party petition. Please put your middle initial at the end of your first name.

**Name** Timothy Harting

**Address** 176 Dutchtown Rd  
Ouaquaga, NY, 13826

**Office you're seeking?** Town Supervisor

**Municipality?** Town of Windsor

**Do you know of a Primary for this office?** No

**Will you be seeking the Working Families Party endorsement?** No

### Why are you seeking the Conservative endorsement?

I have conservative values, and always have. I seek the endorsement to continue to protect the values such as individualism, lower taxes and protect our local town(s) from liberal policies that hinder the free market, are unfunded/unrealistic mandates and social programs that do not align with the roots and core of this community.

### Why are you running for office?

I am the incumbent in this office. I seek reelection and continuance with the great work we have been doing!

### What is the top issue facing your community? How will you address it?

Financial issues as many municipalities do. Top issue is a sewer district with dwindling funds and failing/outdated equipment. Combined with an already high tax payer cost, I intend to seek financial relief via bond adjustment along with grants and potential shared services and/or contracts with surrounding municipal systems.

### How will you make government more efficient?

By not adhering to the wants of the liberal policies being pushed by Albany. By advocating our support against harmful policies and laws along with advocating for the positive ones. I will encourage economic growth by making any efforts to remove (or not add) governmental roadblocks to the positive growth of business and/or population.

I will improve efficiency through boosting moral, support and staffing within the town government and then expanding that same positive attitude to the public. Open transparency to issues including financial issues will remove roadblocks between the community and town. With those roadblocks gone, and trust regained, then the real conversations can happen.

## Do you think the SAFE Act has helped or hurt New York?

The safe act was action taken against the wrong target. The safe act only harms law-abiding citizens. A majority of weapons involved in crime are obtained illegally (theft or import). To make it worse, the safe act limited the capability of lawful guns in NY, essentially giving every criminal the "firepower" advantage, since illegal guns have no limitations and are often imported from areas that do not limit weapon capabilities. The safe act only harmed 2A and weakened the good people of NY.

## Do you consider yourself Pro-Life or Pro-Choice?

Fundamentally, I consider myself pro-life, however, admittedly, I do find some valid pro-choice arguments. I do see that these arguments (rape, health issues, etc) are often addressed in a bi-partisan manner.

## How shall we contact you?
