Thank you for your interest in working with 86400 Entertainment.

We are always looking to connect with talented artists who are passionate about their craft and committed to growing their careers. Depending on the artist's goals, experience, marketability, and current opportunities, we may offer either:

## Artist Management & Representation

- Industry networking and relationship building
- Marketing and promotional guidance
- Performance and touring opportunities

## Booking Representation

Many artists work with us strictly for booking services. This allows artists to maintain their independence while benefiting from our industry relationships and event opportunities.

Booking services may include:

- Venue introductions and negotiations
- Performance scheduling and coordination
