ZONING AND BUILDING: None

CORRESPONDENCE: Letter/petition from Wayne Township residents, concerning emergency services in our area and the need to review past practices, response areas, station #2 on Sciota Road and more. After a discussion of their concerns, Chairman Mark Sander proposed scheduling discourse on this matter at the January 12, 2026 township supervisor meeting and inviting Elgin Beaverdam VFD, EMS coordinator Lyn Wittmer and township residents to talk about their concerns as a group; among the resident's concerns: emergency response map for Wayne Township is old and should be updated (created in 1978?), Elgin Beaverdam VFW is responsible for a very large coverage area and response times could be slow, Sciota Road station is no longer an active fire station, a small fire department staffed with volunteers vs. a larger fire department with paid staff and many volunteers ~ township residents are invited to attend and be heard
