- Update on freight charges for wing plow, Logan reported it would be about $600 to ship, Supervisor Wiggers said he would be able to pick it up from Cleveland with his equipment when it's ready, most likely in December
- Turbo quotes for 2008 truck: Campbell's Garage $3,800 for the turbo/$4,500 installed and will make appointment if we want it; Diesel Creek would charge the same, but they would try to find an aftermarket turbo for less, so total would be less; Jon made a motion to award bid to Diesel Creek, 2nd/Ray
