Dinner with Chef de Cuisine Michel Urbano CEC

For ten years Chef Michel has dazzled us with his talents both in the kitchen and behind the microphone. His cuisines range from completely plant-based meals to exquisite multi-course meals, not only intensely pleasing to the pallet, but artistic in presentation. Chef Michel oversees all planning, preparation and tasting of each meal that is prepared. He donates his time each season as a iLife presenter teaching wonderful cooking techniques that residents can utilize in their own kitchens.

Chef Mich will provide you with an immersive experience. The winner may choose to have this experience in his/her home or have Chef Michel cook for you in our new Oasis Kitchen. You and your friends may enjoy a glass of wine while watching Chef Mich works his magic.
