June 2026

The Edit.

A selection of our most popular products.

hansgrohe.co.uk

German engineering

A long tradition of quality

The Hansgrohe business can be traced back as far as 1901. Throughout our long history, we've been driven by some unchanging principles. Today, as always, the hansgrohe brand name represents the highest standards of innovation, quality performance and craftsmanship.

World-leading design

We consistently win iF Design Awards – one of the world's most respected awards for outstanding product design. In fact, iF ranks Hansgrohe as one of the top six design-led companies in the world, coming above such names as Apple, Audi, BMW and Dyson. We win because not only do our products look stunning, they also meet the highest levels of intelligent engineering, usability, craftsmanship and lasting quality. In total, including our iF tally, Hansgrohe has won more than 800 design awards.

Bring your dream bathroom to life

This brochure introduces you to a small selection of beautiful products that will help you create the bathroom of your dreams. To experience the full range visit hansgrohe.co.uk or talk to your local hansgrohe showroom.

Our name is your guarantee.

Creating the highest quality products has always defined our approach to modern design, manufacturing and performance. That's why 'Made by hansgrohe' is your assurance of quality, backed by our five-year parts and labour guarantee for repair, replacement or refund if ever any of our products fail to fulfil the high expectations that attracted you to the hansgrohe name. Even better, we also offer a guarantee that parts for the hansgrohe product you buy today will still be available 15 years from now.

All products carry a minimum 5 year manufacturing guarantee inc. parts and labour.

Spare parts held for 15 years after product discontinuation.

Hansgrohe consistently wins major international design awards

Contents

Your bathroom is an important room in your home; it is the room where you prepare for the day ahead and relax before bed. So whether you're adding an en-suite, updating your cloakroom or planning a complete refurbishment, we have everything you need to create your desired retreat.

Sit back, have a browse and enjoy seeing your dream bathroom become a reality.

Technologies (showers, thermostatic mixers)

Adjustable Shower Head

With the adjustable shower head, the water jet can be adjusted individually.

AirPower

Enriching water with air produces plump droplets for a velvety touch on the skin.

CoolContact

CoolContact prevents the thermostatic mixer from getting too hot and prevents painful scalding.

EasySplit

This shower head can be easily disassembled to replace parts or separate into individual components.

EcoSmart

Mixers and showers use up to 40% less water than conventional products.

EcoSmart+

Mixers and showers use up to 60% less water than conventional products.

EcoStop

The water consumption of your thermostat is regulated to a maximum of 10 l/min. Higher water flow can be released by simply pressing the EcoStop button.

Fast Drain

The shower's quick emptying function reduces the dripping time after showering.

FlexPower

Flexible, elastic nozzles in the shower head ensure greater comfort and efficiency when showering.

QuickClean

Remove limescale deposits quickly and easily with flexible silicone nozzles.

SafetyStop

Safety lock at over 40°C. A temperature limitation that ensures safe showering pleasure at all times.

Select

Use the Select button to switch between spray modes or shower heads.

Thermostat

Constant water temperature with integrated control that monitors the water temperature and reacts to pressure changes.

VarioFix

Full installation flexibility by using existing holes for easy renovation.

Water Flow Control

Easy water control: with the control dial the water flow can be adjusted easily.

XXL Performance

Evenly distributes the water over the large spray face to envelope the whole body.

Spray Modes

ImpactRain

Massaging spray with an innovative design creates an intense showering feeling with just a little water.

IntenseRain

Powerful, stimulating water sprays that wash away tiredness and leave people feeling fighting fit.

Intense PowderRain

Intense jet of ultra-fine droplets.

Massage

Invigorating, focused and powerful spray for the home spa that allows the day's stresses to simply drain off.

MonoRain

The targeted water spray offers you blissful moments of wellbeing. Ideal for hydrotherapeutic contrast showers.

Normal

Full shower rain enriched with air that pampers day after day. Perfect for rinsing hair.

PowderRain

Relaxing, micro-fine droplets that softly and silently cocoon the body. For sensual showering.

Rain

Invigorating and energy-saving showering indulgence with full shower rain designed to thoroughly rinse out shampoo.

RainAir

Full shower rain with droplets enriched with air for soft yet efficient and indulgent showering.

Shampoo

Intense, highly efficient water spray that rinses out shampoo in no time at all.

SoftRain

Caressing water sprays that gently swirl around the body. An act of kindness for the skin, mind and soul.

TurboRain

Invigorating shower rain that offers powerful refreshment. Just what is needed in the mornings or after exercise.

Whirl

Concentrated massage spray that helps to nicely wash away everyday tensions.

Technologies (toilets, furniture and mirrors)

Anti-fog

The integrated defog system effectively prevents the mirror surface from fogging up - for a clear view.

AquaChannel Flush

Effective cleaning of the inner bowl by means of powerfully guided water jets.

AquaFall Flush

Powerful cleaning of the inner bowl of the rimless toilet via a symmetrical surge of water.

HygieneEffect

High quality glaze that prevents bacteria from multiplying on the product (exclusively refers to the following bacteria: Escherichia coli ATCC8739 and Salmonella enterica ATCC 13076 (test conducted according to ISO 22196: 2011-08)).

Made to fit Noise Reduction

For easy installation, this product comes with a soundproofing mat matched to its shape.

Moisture Proof

This high quality product is made of durable material, which is suitable for bathrooms.

Quick Release

This hinge system is easy to release. For quick removal of the toilet seat and easy cleaning.

Soft Close (furniture)

Drawers and doors close gently and quietly. This is possible by integrated dampers.

SoftClose (WC)

WC cover and seat close gently and silently – thanks to dampers integrated into the hinges.

Touchless Sensor

This lighting is controlled via infrared sensors. A hand movement under the mirror is enough.

Water Damage Protection

Avoid water damage with a pre-assembled sealing membrane. It is 100% waterproof.

Express your individuality with a choice of six finishes.

Bright, shiny and robust coloured finishes

More colour in the bathroom: Each of the surface finishes are the result of an intense product development and a synergy of high-tech and handmade, as the brushed effect is created manually. This gives each product a unique texture based on its design. The result? Vibrant taps, showers and accessories made to the strictest quality standards that fulfil the desire for uniqueness in the bathroom teamed with a robust resistance to external factors.

All matt white and matt black products have been finished with two coats of lacquer in addition to the chrome plating for increased durability. Brushed Black Chrome, Brushed Bronze and Polished Gold Optic finishes are created using PVD (Physical Vapour Deposition). This advanced process permanently bonds colour to the surface, delivering a beautifully rich tone and an exceptionally hard-wearing, long-lasting finish.

New products

14 Activera Q

16 Exafill

Activera Q ShowerSelect Tablet.

Great shower pleasure with less water.

Introducing the Activera Q, a stylish extension to our popular Activera range, featuring an elegant soft square design. The Activera S or Q, combined with ShowerTablet Select controls, provide exceptional shower performance with an energy-conscious, water saving design.

A powerful showering experience
Enjoy the cozy, enveloping showering experience of Activera Q thanks to its Rain spray mode and XXL performance overhead shower. The flexible, elastic nozzles in the spray head dynamically adapt to the water flow and pressure, ensuring greater comfort and efficiency.

Reduced water consumption
Thanks to our EcoSmart and EcoSmart + technology Activera provides up to 60% less water consumption per minute than our conventional shower heads without reducing your showering pleasure.

Easy to clean.
Simply rub your finger over the nozzles to easily remove any limescale deposits. Our QuickClean+ technology also supports the prevention of limescale formation.

Where simplicity meets a powerful shower feeling.
Experience a powerful and safe Activera shower with integrated ShowerTablet Select. Enjoy great shower performance and intuitive control with intelligent safety features for a safe showering experience.

ShowerTablet Select
Effortless shower control. At the touch of a button.
Simplify your shower routine with the ShowerTablet Select. Its contemporary, minimalist design features intuitive Select buttons that make turning on the water and changing spray types a breeze, while the ergonomic handle allows for precise temperature control.

Enjoy a comfortable and safe experience thanks to the SafetyStop function and innovative CoolContact technology. For added convenience, the built-in shelf keeps your shower essentials organised and close at hand.

Exafill. A beautiful detail.
That makes all the difference.

Our new Exafill range helps create a harmonious design concept where every little detail matches. These minimalist bath wastes and overflows are the ideal choice as they are available in several colour variants to match hansgrohe FinishPlus surfaces and therefore fit into any bathroom style.

Bath fill and overflow are often overlooked but essential and can be bulky and annoying. Our solution is a sleek, versatile product compatible with various bathtubs. It enhances the filling experience and blends seamlessly or stands out as a design accent.

Fill your bath your way – silent or with foam

An adjustable nozzle lets you choose between a quieter spray and a standard one.

Some prefer the water to run in very quietly, almost silently, creating a serene ambiance.

Others enjoy a vigorous bath fill.

Available in all FinishPlus surfaces

Raindance Alive. The new award-winning range from hansgrohe.

A unique shower experience with water-saving technologies
The EcoSmart hand shower consumes 8 l/min thanks to the integrated flow limiter, while the EcoSmart+ model consumes 6 l/min – a potential saving of up to 60%*. The large overhead shower (300mm diameter) consumes 12 l/min, or 8 l/min with EcoSmart. This constitutes a saving of up to 40% water*.

* Compared to hansgrohe showers without EcoSmart

Minimalist design aesthetic

The exposed installation showerpipe lies so flat against the wall that it looks like a concealed installation. Available in six colours.

Simple installation

Big impact, little effort, Raindance Alive products are also characterised by simple installation.

Rapid cleaning

The mesh cover can be effortlessly removed and any limescale on the silicone nozzles beneath it can be rubbed off in an instant thanks to QuickClean technology. The mesh cover itself can be cleaned in the dishwasher to maintain its appearance and performance.

Effortlessly customise your shower experience with the Select button

Switch between various spray patterns with a simple touch. Thanks to its purely mechanical design, you can rely on its durability and ease of use every day. Choose from a range of spray options such as: invigorating Massage and IntenseRain sprays to relieve stress and rinse out shampoo, or the gentle PowderRain for a soothing shower with fine water micro droplets.

The thermostatic control ensures consistent water temperature

A safe and comfortable experience for all ages. The thermostatic valve ensures that water temperature and safety is maintained, despite any temporary fluctuations in hot or cold water availability.

Comfort and convenience in the shower

Vernis Blend is a modern and elegant design. You can combine the curved design of the Vernis Blend taps with the matching shower range. Ask your showroom about the Vernis Shape range of products if you prefer a square design.

Croma. Where modern design meets excellent value for money.

Croma

An impressive combination of design and functionality. With trimmable/adjustable height and standard fixings it is ideal for replacement projects.

The overhead shower features a fully chrome plated, removable metal spray face for ease of cleaning. Whilst the Select button on the hand shower allows you to easily switch between three different spray types.

Adjustable overhead shower angle
Features RainAir technology that combines water with a generous amount of air for soft and fuller shower droplets.

Isiflex shower hose
A smooth chrome effect hose with internal anti-microbial technology to reduce the presence of bacteria. Constructed from strong anti-kink material ensures the hose maintains its shape over many years of showering. Pivot connectors prevent the hose from tangling during use.

MB	28753670	£1081

A clever purchase for conscious consumers
Activera pairs outstanding showering with excellent water efficiency, prioritising comfort, enjoyment and safety. FlexPower technology provides more stable performance and powerful water sprays, even if the water pressure or volume fluctuate. EcoSmart technology reduces the flow rate to 8 l/min. This equates to a 40% reduction in water consumption*, that's not only good for the environment, but also your bank account.

* Compared with a hansgrohe shower without eco-friendly technology, measured at 3 bar.

XXL performance
The large, spray disc on the overhead shower measures 240mm in diameter – for a luxury showering experience that envelops your entire body. The large rain shower can be adjusted to achieve an optimum spray angle. With a flat angle, the overhead shower can produce a low throw distance even in small shower areas.

FlexPower Technology
The ergonomic hand shower comes with an intelligent Select button integrated into the spray disc – so you can simply switch the two spray types at the push of a button.

Rain. The voluminous rain spray from the hand shower creates an encompassing fall of rain. For everyone who needs a gentle caressing moment or a freshness boost.

ImpactRain. The powerful Impact Rain spray pattern washes away everyday stress and is perfect for invigorating massages or for rinsing out shampoo. Designed to be experienced with the 2jet hand shower.

Add an extra level of comfort and safety, quickly and easily

EcoStat exposed thermostatic mixers look great and are ideal if you want a straightforward upgrade for your bathroom because they can be installed on existing connections. They also make showering a more comfortable experience as they continuously control the temperature and volume. The EcoStop button reduces water consumption to 10 l/min, and the convenient temperature pre-adjustment with safety lock at 40° protects you from scalding hot water.

The safe and convenient way to fill a bath
hansgrohe exposed thermostatic bath/shower mixers are wall-mounted and include a built-in bath filler as part of the exposed unit. This all-in-one solution keeps installation straightforward and delivers a clean, uncluttered bath arrangement which provides great freedom of movement.

Raindance S slide rail kit

Lose yourself in a cocoon of super-fine mist of PowderRain
Inspired by the warm, misty droplets of the rainforest, PowderRain introduces an entirely new way to indulge in water. Thanks to six fine openings in every nozzle, water is transformed into a cocoon of spray, which is both all-enveloping and supremely quiet. It truly is a showering experience unlike any other.

Create a stunning concealed shower

Space saving or sleek and minimalistic, a concealed shower valve hidden behind your tiling or wet wall not only looks elegant but masks unattractive pipework.

hansgrohe offer a wide range of attractive design options including overhead showers, that can be wall or ceiling mounted, and hand showers on riser rails that can be set to the perfect height. To control your shower or switch between overhead and hand shower there are also a number of valves for you to choose from.

We've also made selecting your ideal concealed shower combination easy. Simply use this configurator to identify the type of shower you want to create – either a one or two outlet shower. Then on the following pages you'll find a selection of products to bring your design to life.

Step 1

What type of valve needs installing?

Step 2

How many outlets do you require?

eg. overhead shower, hand shower

Rainfinity with PowderRain
Add a special level of indulgence to your daily shower: thousands of droplets from the PowderRain spray type cocoon you in a cloak of well-being. And best of all: PowderRain can cascade from all Rainfinity shower heads. The Select operated hand showers wow with three spray types (PowderRain, Intense PowderRain and MonoRain). With a diameter of 130mm, these showers have really hit the big time.

Raindance Alive. A unique shower experience.
The round Raindance Alive handshowers (125mm diameter; with Select push button) can fill us with positive emotions or calm us through the regenerative power of water. Depending on the mood, depending on the spray type. With a touch of the button select between the three spray types (Massage, PowderRain and RainAir).

Choosing your valve

Push button valves

ShowerSelect Comfort's elegant design turns your shower into an artistic eye-catching piece and enables all shower elements to be intuitively controlled. One click accurately turns the water on/off, switches the spray type or between the hand shower and overhead shower. The concealed thermostat always balances out temperature fluctuations and reliably ensures feel-good showering.

Lever operated valves

The Ecostat Comfort valve with operating elements featuring clear symbols and slender, ergonomically designed handles, is wonderfully intuitive to use. Switching between the overhead and hand shower is truly effortless. Ecostat Comfort refines your bathroom through intuitive operation and minimalist aesthetics. Whilst the purist design and concealed installation maximise the space available to you when showering.

iBox universal 2. Efficient installation offering maximum flexibility.

The new generation of the hansgrohe iBox universal gives you maximum design freedom in the bathroom because it can be used with all hansgrohe finish sets. And it combines the proven benefits of the previous model with many new properties and additional benefits:

More efficiency – time-saving installation
More flexibility – more mounting options
More safety – fewer installation steps

Basic set iBox universal 2

Minimum pressure: 1 bar

WashPlace

Xilesa.
Delights you each day anew.

The perfect piece of furniture for every bathroom

This hansgrohe furniture series guarantees extraordinary design highlights in the bathroom – at an attractive price. The vanity units and tall cabinets impress people with their timeless, modern and minimalist look. These pieces are available in different surfaces and sizes and blend in harmoniously in any bathroom setting.

Xilesa E combines design and functionality

The furniture can be opened using the integrated handles on the side shadow gap. The drawer closes safely and quietly thanks to SoftClose. The optional feet provide extra stability. This unit's sophisticated design offers maximum storage space – with drawers without a cut-out and the option to add IntraStoris modules that act as interior dividers.

Xanuia Q. Making dream wash places a reality.

Bring your WashPlace to life.
With Xanuia Q by hansgrohe.

Easy cleaning. The rim around tap hole bench prevents water from spilling over while the optional SmartClean glaze facilitates easy cleaning.

Sustainability. Sanitary ceramic made from a natural recyclable material. SmartClean glaze reduces need for cleaning detergents.

Made to fit NoiseReduction. This product comes with a pre-cut soundproofing mat that is tailored to its geometry. This facilitates installation and saves valuable time on the construction site.

Xarita Lite. Mirrors to brighten up your day.

See yourself in the best light with Xarita Lite LED mirrors

Xarita Lite mirrors have a memory function for your favourite light setting and an automatic switch-off function – for if you ever forget to turn off the light or the heater.

Mirror with heating. The Xarita Lite mirror with a sensor has a defog system that prevents it from fogging up or quickly defogs it. With an on/off function.

Mirror with infrared sensor. This version enables you to switch the light on and off contactlessly. You can even use simple hand movements to dim the light and switch on the mirror heating.

ToiletPlace

EluPura toilets. Two elegant, easy-care ranges.

Elegant, high quality, and stylish in every detail

These toilets round off the modern bathroom and please discerning design fans. The hidden wall mounting creates a seamless appearance perfect for rooms with a minimalist design.

EluPura Original: Price-conscious and perfect for every room concept

The range includes toilets for wall-mounted installation as well as floorstanding models. There are also accessories such as seats, lids and flushing tanks.

AquaFall Flush

Powerful cleaning of the inner basin of the rimless toilet with a symmetrical surge of water. The flushing process is especially efficient and can achieve excellent results with just 4.5 l per flush (suitable flushing tank required).

AquaChannel Flush

Effective flushing of the inner basin with powerful, revolving water sprays. The flushing process is especially efficient and can achieve excellent results with just 4.5 l per flush (suitable flushing tank required).

Rimless toilets – economical and easy to clean

All hansgrohe toilets are rimless for better hygiene and easier cleaning. The SmartClean glaze on the surface of the ceramics also helps with this. And the optional hansgrohe HygieneEffect glaze with an anti-bacterial effect offers additional benefits.

iFrame. hansgrohe quality behind and in front of the wall.

Effortless installation. Seamless performance.

With decades of experience, hansgrohe wins people over as a reliable partner for universal installation solutions behind the wall. From the classic toilet to the ShowerToilet, iFrame universal is the perfect addition to any hansgrohe ToiletPlace. Featuring high-quality and long-lasting components, the concealed cistern offers everything needed for effortless installation and maintenance – a smart solution for specialist bathroom retailers.

The iFrame universal front wall system 1120mm, is the perfect match for classic hansgrohe toilets and the hansgrohe shower toilet. The flush tank has been designed to support hansgrohe EcoSmart for efficient flushing performance, offering adjustable flushing volumes from 4 to 7 litres (top flush).

iFrame universal is the sophisticated front wall system for efficient installations. Benefit from these clever details:

- 1 The sturdy wall supports are included in the scope of delivery. The high-quality plastic screws ensure optimum noise reduction.
- 2 The assembly parts for the toilet and iFrame are pre-sorted and packaged separately in the in-wall tank, so everything is organised and ready to hand.
- 3 The robust construction is made of durable materials and designed for a load capacity of at least 400kg.
- 4 The flush system is perfect for hansgrohe portfolio of wall hung toilets including shower toilet.
- 5 Height-adjustable feet with brakes – for simple and sturdy anti-slip alignment.

AddStoris Q. Everything is always beautiful and within reach.

There are so many things we use in the bathroom every single day: tooth paste, shampoo, shower gel, razors, liquid soap. Which simply begs the question: Where do you put all these bathroom products? Our cosmetics need a storage system for a tidy, harmonious bathroom aesthetic. One like the versatile AddStoris Q range of accessories, which alleviates the chaos in the bathroom in a highly appealing way. It is your toolbox for a nicer look and more tidiness in the bathroom.

XtraStoris. Integrated storage solutions
create room to move.

Design that makes itself useful

Designing the perfect bathroom takes time and attention to detail. And after it's completed, it's important to maintain that perfect aesthetic through regular cleaning and maintenance. But where to store those essential cleaning products without ruining the overall look?

In order to avoid the practical everyday essentials spoiling the look of your bathroom, we developed XtraStoris. Finally, a built-in wall storage solution that looks as good as your bathroom – and gives you more space to move around. Suddenly, the storage space problem becomes an attractive solution.

Start planning now with the hansgrohe Inspirator Tool.

What does your dream interior look like? Use our Inspirator Tool to design the bathroom of your dreams in 3D. Create an oasis that fully reflects your taste by choosing from a range of styles, materials, and colours.

How to create your dream bathroom in a few simple steps:

Find inspiration here.

- 1 **Choose your style**
Natural? Minimalist? Family-friendly? Tell the planning tool exactly what you want.
- 2 **Select the floor plan, walls, flooring, and bathroom products**
Compose your interior design however you like and with matching solutions in the washplace, showerplace and toilet area.
- 3 **Make dreams come true**
Send your dream combination to a retailer and make your new bathroom a reality together with sanitation experts.
