ASHRAE'S CORE VALUES

As we get set to start our 2016-2017 Tri-County ASHRAE season, let's take a moment to review ASHRAE's core values...

Excellence

ASHRAE education, technical information and all other activities and products will always reflect the best practices that lead our industry. We strive for continuous improvement and innovation in all our practices and products.

Commitment

ASHRAE and its members are passionate about serving the built environment, creating value, and recognizing the accomplishments of others.

Integrity

ASHRAE is committed to the highest ethical standards. We work transparently, observing essential requirements for due process and peer reviews to assure our members and stakeholders that we do the right things the right way.

Collaboration

ASHRAE seeks and embraces collaborative efforts with organizations, agencies, and individuals sharing our commitment to sustainable built environments.

Volunteerism

Members lead ASHRAE at every level, serving ASHRAE and helping ASHRAE serve society.

NOTE: Statements made in this publication are not the expressions of the Society or of the Tri-County chapter but may not be reproduced without special permission of the Tri-County chapter.

LOCAL BUSINESSES

PLEASE SUPPORT OUR BUSINESS CARD ADVERTISERS LOCATED HERE AND ELSEWHERE IN THIS PUBLICATION...

MAKE AN INVESTMENT IN OUR INDUSTRY'S FUTURE!

If you would like to place a business card ad in Super Heat for the 2016-2017 Tri-County ASHRAE season, please contact

Rich Morrow via e-mail at...

ashraetricounty@gmail.com

Looking for a unique marketing opportunity?

We've got a deal for you!

For only \$50 (that's right, only \$50!) you and many more can see your business card appear on THIS PAGE of THIS PUBLICATION

for the 2016-2017 Tri-County ASHRAE season!

Now that you're interested, send a *.jpg version of your business card to ashraetricounty@gmail.com while sending a check for \$50 made out to **Tri-County ASHRAE.**

We will let you know where to send the check when you send your business card file to us at the above e-mail address.

ASHRAE Leaders!

Our Tri-County ASHRAE leaders for the 2016-2017 season are the following:

- Chris Robles** / DMG / President
- Ian Villazana** / ACCO Engineered Systems / President Elect
- Kakeru Fujikawa** / Goss Engineering / Secretary
- Felix Monterroso** / Willdan Energy Solutions / Treasurer
- John Garcia** / RF MacDonald Company / Board Member
- Jaime Lopez** / The Gas Company / Board Member
- Shaw Gentry, PE, CEM** / Goss Engineering / Board Member

NEW MEETING

"Trivia Night"

The ASHRAE Tri-County Chapter cordially invites you to attend our next meeting's "Trivia Night" hosted at Claim Jumper Restaurant in Corona, CA.

Don't miss out on this fun event which will test and improve your engineering, HVAC and ASHRAE knowledge and understanding. It will be a great night to learn, share knowledge, and have fun!

Questions will be test your knowledge on various HVAC topics such as psychrometrics, energy systems, central plant systems, hot water systems, and more. There will be several rounds of questions and attending members will be able to form groups of two.

The "Trivia Night" is intended for members to expand their knowledge, become more aware of topics relevant to ASHRAE, socialize, and have a good time.

LAST MEETING

"Refrigeration and the Beer Brewing Process"

Ed Mendieta described how refrigeration technologies are utilized at local beer brewing operations to produce familiar beer styles such as ales and lagers. Local breweries such as JT Schmid's, the Bruery, Brewbakers, and Good Beer generously provided our ASHRAE chapter access to their facilities to assemble October's tasty presentation. An overview of the beer brewing processes, refrigeration systems, and how they affect the styles that we have come to enjoy were presented. The picture below shows (left to right): Andrew Koprcina (Bruery Brewbakers), Chris Robles (Tri-County Chapter President), and Ed Mendieta (Sustained Solutions, Inc.).

Willdan Energy Solutions (WES) is a national leader in energy efficiency. WES's expertise covers building system retrofits, commissioning and retro-commissioning, demonstrations of new technologies, energy efficiency education/outreach, sustainability strategy and local government partnerships.

WES's business is growing and we currently have an opening for a senior level energy efficiency Project Development Engineer in our Anaheim, CA office. The candidate must be able to work in a collaborative environment with our engineering staff, program managers and sales team to develop energy savings solutions and implement efficiency projects for our customers. The candidate must be able to identify efficiency and operational solutions for customers, develop proposals, sell projects, and oversee design and construction. This is a technical leadership role that involves directing entry level engineers, with oversight by senior level engineers.

Requirements:

- Knowledge of mechanical equipment such as motors, pumps, and variable speed drives
- Knowledge of HVAC equipment and systems, such as chillers, cooling towers, air handlers, chilled and hot water loops, and boilers
- Knowledge of energy efficient lighting technology and lighting controls, such as LED, occupancy sensors, day-lighting, etc.
- BS in Mechanical Engineering or related field
- Professional Engineer's license preferred
- Min of 10 years' experience in energy efficiency, facility design/build, HVAC controls and/or performance contracting industry
- Computer proficiency, experience with Windows-based office applications required. Some travel required

If you are interested forward your resume to samoni@willdan.com Attention: Shafi Amoni. Willdan Energy Solutions, 2401 E Katella Ave #300, Anaheim, CA 92806

TTG Engineers is looking for a full-time energetic, organized, and driven Mechanical Engineer in Ontario, California .

TTG Engineers is a leading full-service design engineering firm offering exceptional Structural, Mechanical, Electrical, Plumbing, Fire Protection and Civil design engineering services.

Responsibilities include:

- Analysis, design skills, presenting technical information, equipment, quality and focus.
- Proficient in latest Energy Pro software and other HVAC system calculation software.
- Proficient in Auto CAD & REVIT 2012.
- Prepare Plan Check/OSHPD related documentation.
- Experience with Client Communication required.
- Generate project specific spec's & details
- Ability to work with minimal supervision
- Ability to take lead in multi-discipline coordination.
- Candidate will have excellent oral and written communication skills.
- Site Investigation and Inspection experience preferred.

Requirements

- 10+ years experience in HVAC systems design with institutional, commercial, educational, and healthcare projects.
- Bachelor's Degree in Mechanical Engineering
- California P.E. Professional Registration required
- Knowledge of LEED documentation
