## PRESIDENT'S MESSAGE

Welcome to the 2013-2014 Tri-County ASHRAE Season! I am Nicolas Rosner, the serving President for this year. I was Tri-County's treasurer last year. And, thanks to your votes, I have ascended to the presidential role. I'd like to start with a quick reminder of ASRHAE's vision and goals: ASHRAE's mission is to advance the arts and sciences of heating, ventilation, air conditioning, and refrigeration. I look forward to pursuing ASHRAE's mission with Tri-County's local industry and student support alongside this year's board and executive officers. In other matters, a previous President of ASRHAE's Orange Empire chapter has returned to Tri-County our original history boards. Due to this historical occasion, Tri-County will kick off our first season's opening with the theme "History Night". This will be an exciting year for us, and I do look forward to seeing you active in your chapter. Let us board members and officers know how we can be of further service to you.

**NICK ROSNER**  
Chapter President

## Corona Engineer Receives ASHRAE Distinguished Service Award

DENVER—Lucas Hyman, P.E., has received a Distinguished Service Award from ASHRAE.

The award was presented at the Society's 2013 Annual Conference held here June 22-26. The award is given to individuals who have served the Society faithfully and with distinction, and who have given freely of their time and talent on behalf of ASHRAE. The honor recognizes participation in chapter, regional and Society activities.

Hyman is president, Goss Engineering, Corona, California.

He has developed two ASHRAE short courses. Hyman was also recently the instructor for "Combined Heat and Power: Creating Efficiency through Design and Operations," as part of ASHRAE Learning Institute's spring online courses. He has also applied his knowledge and presentations skills as a presenter at several ASHRAE Conferences. Hyman chaired Technical Committees 6.9, Thermal Storage, and 1.10, Handbook, and served as president of the Tri-County Chapter.

# PRICELESS PICS

Check out these pictures from an Engineering Week activity at The Dawson Company, with the Cal Poly Pomona Student branch. The Dawson Company is located in Pomona.

David Hernandez and Eric Decker set this up with the Cal Poly Pomona Student branch members. The students were able to learn, from the inside, how a Sales Engineering firm operates. The students participated in a tour of the facility, a talk on Sales Engineering, and a question and answer session.

# MORE PRICELESS PICS

We had a great meeting at Cal Poly in April! It was a fantastic panel discussion with all sorts of student attendees. A real networkers fantasy!

# HISTORIAN'S REPORT

The Tri-County Chapter of ASHRAE celebrates its **25 year anniversary this December!** Tri-County has hosted many exciting events the past 25 years starting with the gala Chartering ceremony. This month's meeting will be our History Night, where Tri-County will begin its next 25 great years.

Craig Hofferber from CFH Systems was kind enough to share the below memories from some past Tri-County events. Craig was a member of the new Tri-County Chapter Steering Committee in 1988 and also the Southern California Chapter President during that time. Tony Occionero, Sukhdev Mathaudhu, Jeffrey Leonard, Del Thomas, and others actively headed the steering committee and were responsible for the details of the Chapter's formation.

**Lou Flagg and the Tri-County Chapter:** On December 13, 1988 Lou Flagg chartered the Tri-County Chapter of ASHRAE into existence as the Society President during that time. Lou served the Society for 50 years and received numerous awards until he passed away in 1999. The "Lou Flagg Historical Society Award" is presented each year to the individual who prepares the most outstanding historical presentation. See attached picture with Lou Flagg at right.

**Fun time at the Santa Anita Race Track:** On November 7, 1992, Tri-County members gathered at the Santa Anita Race Track to watch the \$1,000,000 California Cup races. Members were also able to enjoy great company, BBQ lunch and mariachi music. See attached picture with Tony Henkel who arranged the outing at right. Tony was also one of the founding members of the Chapter.

**William L. (Bill) Holladay attended the 1994 Joint meeting:** The 1994 Joint meeting was also a Past Presidents Night, hosted by the Tri-County Chapter. Bill Holladay, a twice Past Southern California Chapter President attended the meeting. Bill was a member of ASHRAE from 1930 (ASRE at the time) until he passed away in 2001 at the age of 98. Bill served as the ASHRAE Society President in 1968. See attached picture with Bill Holladay at right in brown.

The Tri-County Chapter of ASHRAE now has a long and distinguished past that leads to an even brighter and more illustrious future. Stay tuned!

# MEETING PREVIEW

## Building-wide Systems Integration (BWSI) With Tim Quigley

This month at Tri-County ASHRAE we have a great program on tap for you all. Building-wide System Integration may be new to some of you and you will surely want to learn about it. Or perhaps you're already familiar with the science and just want to hone your skills or learn more. Be sure to come out ready to learn about:

- Building Smarter Buildings;
- Complex Integration Schemes;
- What BWSI is;
- Work Flow;
- Technology / Continual Commissioning and Predictive maintenance; and
- Cloud Computing.

Tim Quigley is the Branch HVAC Account Manager for Equipment and Controls for the Los Angeles territory of Johnson Controls Inc. (JCI) He serves on the JCI Sales Advisory Council, is an attendee of the Large Tonnage Experts Conference and the JCI seismic council. He is responsible for the HVAC strategy for Southern California.

Prior to his employment with JCI, Tim was the York Applied Equipment Manager for US Air Conditioning Distributors in City of Industry. There he supported the sales efforts of York ESG product (i.e chillers and air handlers) in Southern California. He worked at ECS (the former York rep since moving from NYC in 2005. Prior to that he worked in the ITT Bell & Gossett family for the 18 years in the factory and the field and has taught at B&G's Little Red School House. He has served on Local ASHRAE chapters since 1986 and has been involved nationally with several technical committees. He holds a BSME from University of Missouri-Rolla (aka Missouri Science and Technology) class of '87. He was born and raised in St. Louis, Missouri.
