President's Message

Dear Tri-county ASHRAE:

2011-2012 was a great year for Tri-County ASHRAE. I want to highlight a couple of accomplishments from this year. We started off the year with a bang with our tour of Joseph Filippi winery in Rancho Cucamonga (hopefully this will be a new tradition). This meeting brought out some new members and I believe set the tone for the rest of the year. We also had our first DL in a number of years along with other great speakers and topics. April, our student night, was also a great night for the students. Here, we presented three (3) well deserving students with scholarships. Our new website, www.tcashrae.org was also launched during the year. Please take a look and let us know what you think. Lastly, our golf tournament was a huge success. It is because of this tournament that we were able to present the students with scholarships as well as contribute to research promotion.

Speaking of the golf tournament, I would like to thank these companies for sponsoring foursomes and/or hole sponsorships.

As my tenure as President of Tri-County comes to an end, I would like to thank the Board of Governor's for their support because without them this year would not have been possible. Thanks to Adam Stadnik for putting out a great newsletter that was always worth reading and thanks to Joe Sanders for being our Golf Tournament Chair and putting on a great show. Thank you to Jim Toda for always going to great lengths in helping our chapter as well as our student branch. Thank you to everybody that participated this year, i.e. speakers, members, volunteers...etc. We hope to see you next week for our installation dinner. If not, have a great summer and see you next year. It has been a pleasure serving this chapter as President and I wish the future officers good luck!

PAOE Results

The results are in! A quick scan of the numbers (and some simple math) shows just how dedicated the Tri-County faithful are to the advancement of the chapter, as well as to the advancement of the engineering sciences. For example, from this table we can conclude that Tri-County scored approximately 18.8 total points per assigned member. That's

third best in Region X behind the Tucson and Hawaii chapters! This is something to be proud of and, better yet, something to build upon going into our next season. Tri-County also scored points in all but one category this year. Very good again! We hope to move into the 2012-2013 season by continuously improving while riding this success.
