PRESIDENT'S MESSAGE

It has been a great pleasure to serve and I look forward to supporting the Chapter next year.

I want to wish Jaime good luck as our new President as he has been, and will continue to be, a great asset to our group. I know he knows, as I do, that there are many in our group that consistently support the Chapter and it is because of this attitude of service that my past responsibilities were not as great as they could have been.

Please remember our Installation of New Officers this coming Tuesday, May 24th, at the New York Grill.

Our golf outing on the 28th of April at Eagle Glen Golf Course proved to be a fun time for all and it was a great success thanks to all who helped put it together and supported our efforts. We can continue to support ASHRAE Research and Development and, most importantly, our Engineering Students and our Student Chapter at Cal Poly as the funds generated from this event give us the continued capability to invest in our industry's future.

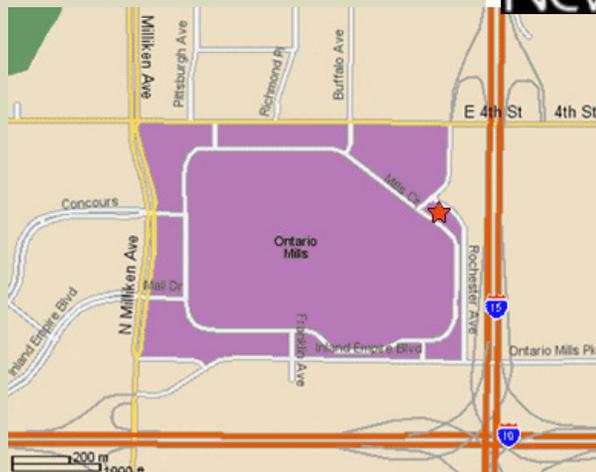

On a separate note: I am wondering just how Joe Sanders got so many raffle prizes at his table? Oh well, he is to be thanked and congratulated for his efforts - likewise all who helped the day of the event.

TIM HALD
President

MEETING LOCATION

We hope that you will be able to make it to Tri-County's annual Installation Dinner this month. New York Grill is located just outside of the Ontario Mills Mall just southwest of 4th Street and the 15 Freeway.

New York Grill
950 Ontario Mills Drive
Ontario, CA 91764

Directions from the South

1. From Interstate 15 (near the 15 and 10)
2. Exit on 4th St.
3. Turn right onto 4th St.
4. Take your first left into the Ontario Mills.
5. The New York Grill is on your left.

NOTE:

Statements made in this publication are not the expressions of the Society or of the Tri-County chapter but may not be reproduced without special permission of the Tri-County chapter.

STUDENTNIGHTRECAP

The Tri-County chapter of ASHRAE had their annual Student Night meeting last month at Cal Poly Pomona. Chapter members met with Cal Poly students and our annual Scholarships were awarded. Some students look like they will have a future in the HVAC industry.

At the Student Night meeting, the Cal Poly Student Branch did a presentation recapping their ASHRAE Student Winter Meetings experience. Branch members also did a presentation of their ASHRAE Student Design competition entry.

Also at the Student Night meeting, Tri-County Student Activities chair Mike Lo presented the Scholarships. Both of the recipients were ASHRAE Student Branch members. Tri-County congratulates the following students who were awarded scholarships at last month's Student Night meeting...

Farshad Daneshvar – \$550.00 Lou Horsefield Memorial Scholarship

Kevin Callaway – \$500.00 General Scholarship

PROUDLY REPRESENTING

BERKO
Industrial and Commercial Electric Heating Equipment • Radiant Heaters • Unit Heaters • Wall and Baseboard Heaters • Explosion Proof and Wash Down Heaters

BRASCH
Electric Duct and Unit Heaters • Indoor/Outdoor, Staged and 100% SCR for Tight Control • Gas Detection Systems for Refrigerant, Carbon Monoxide and Other Gases

DnB BAHNSON
Industrial Atomizing Area Humidifiers • Atomizing Heads • Centrifugal Fan Driven • Self Contained Style

DRI-STEEM
Electric, Electrode, Gas-Fired, Ultra-Sorb, Steam Injection, Steam-to-Steam and Liquid-to-Steam Humidifiers • ICW, Softened, RO or DI Water and Clean Steam Compatible • Precision Control • Short Steam Absorption • Pharmaceutical Grade • Selection Software • High Pressure Water Humidification Systems, Very Low Energy Consumption • Water Treatment Systems • Custom Engineered for Installation in Air Handling Units, Air Distribution Ducts or in the Conditioned Space

GAYLORD
UL Listed Commercial Kitchen Exhaust Hoods That Reduce Required Exhaust Volumes • Pollution Control Units For Smoke and Odor Control of Exhaust Air

HASTING HVAC
Indirect and Direct Gas-Fired Make-Up Air Units • Gas Duct Furnaces • Evaporative Coolers • Cooling/Heating Air Handling Units • Industrial Gas-Fired Heaters

KATHABAR SYSTEMS
Desiccant Dehumidification Systems for Precise Temperature and Humidity Control • Dry and Liquid Desiccants

LATTNER
Electric Steam and Hot Water Boilers 7.5 kW to 3600 kW • Closet Sized Hot Water Boilers • Condensate After Coolers • Feed Water Systems • Blow Down Separators

RUPP AIR
Indirect and Direct Gas-Fired Make-Up Air Units • Gas Duct Furnaces • Evaporative

MANAGEMENT SYSTEMS
Coolers • Cooling/Heating Air Handling Units • Industrial Gas-Fired Heaters • Air Turnover Units • Exhaust Fans • Type I and Type II Hoods

SPACE-RAY
Gas Infrared Radiant Heaters-Tube and Ceramic Emitters. Comfort and Spot Heating • Whole Building Heating • Energy Efficient Operation

AND OTHER FINE HVAC PRODUCTS FROM

AIRSAN Moisture Eliminators • AITKEN Electric Infrared Heaters • AZTEC Radiant Heating Panels

American Society of Heating, Refrigerating, and Air Conditioning Engineers

ASHRAE, founded in 1894, is an international organization of 55,000 persons. Its sole objective is to advance through research, standards writing, publishing and continuing education the arts and sciences of heating, ventilation, air conditioning and refrigeration to serve the evolving needs of the public.
