UPCOMING MEETING

MAIN PROGRAM: CREATING SAFER WORK ENVIRONMENTS THROUGH EFFECTIVE FUME AND PARTICULATE CONTROL

Speaker: Bob Hotchkiss

Tri-County ASHRAE is pleased to welcome Bob Hotchkiss from Nederman for a discussion on creating safer work environments through effective fume and particulate control. The presentation will highlight strategies for capturing hazardous contaminants at the source, as well as methods for removing them from the space. From process fumes and vehicle exhaust to dust collection, the session will emphasize the importance of designing effective systems that protect the work force and ensure a healthy breathing environment.

Bob Hotchkiss brings over 25 years of experience in dust collection and air filtration across the West Coast, with a strong focus on combustible dust collection and system design in compliance with NFPA (National Fire Protection Association), ATEX (Atmospheric Explosible), and ACGIH (American Council of Governmental Industrial Hygienists) standards.

A great time was had by all at our May Installation Dinner!

Members enjoy a delicious dinner at Encore Teppan

Board Member Kendal Smith (Dawson Company) installs Gabriel Sahagun (Design West Engineering) as the new Tri County Chapter President!
