Hope to see many of you at our February meeting. The theme for our meeting will be History Night. ASHRAE Region X Historian Greg Schnable will be joining us as we celebrate our 35 year anniversary!

Main Program: “Roof Curb Application requirements”
Explore the critical aspects of selecting the right curb for your project with Manny Perez, CDI Custom Curbs' Regional Sales Representative for SoCal and Las Vegas. Application insights and factors will be discussed such as:

- Local building codes
- Application requirements
- Installation best practices should align with project specifications
- Material considerations
- Seismic and wind calculations
- DSA or OSHPD regulations (if applicable)

Manny is a seasoned HVAC professional with 28 years of industry experience. He will share his expertise in designing and choosing various curb styles. Manny is a past President (2021-2022) of the Tri-County Chapter of ASHRAE and is currently on the Board of Governors. Manny brings a wealth of knowledge to guide you in "measuring twice," capturing detailed visuals, and ensuring the perfect curb for your project. Don’t miss this opportunity to enhance your understanding and make informed decisions.
A great time was had by all at last month’s meeting! Hope you are able to attend our meeting this month!

Tri County President Kendal Smith (Dawson Company) addressing the January meeting attendees.

Mike Gallagher (P.E. President, Western Allied Corporation) presenting “HVAC Wall of Shame” …the good, the bad & the ugly.

Raffle Prize Winners!
