

# 2023 Hoo Hoo Shoot – Preview

Nothing seems to change for the Serb (see your watch). The Serb is perpetually out of time. The Serb likes to simply say that the Serb is timeless, but the Serb knows the fans are angry, unhappy, and infuriated. Why? Why does the Serb live behind the Serb's magic 8-ball? Is it the Serb's Serial Precrastination? (the Serb will get back to you on that). The Serb's Irreverant Ambivty? (the Serb is not really sure). The Serb's Overwhelming Preoccupaciousness? (the Serb wasn't really listening). Maybe it is just that the Serb has lots of other things pulling on the Serb's precious time. Did you ever think of that? Is the Serb is the only one with an iphone? With the X App? With paramountprimeflix+? Has only the Serb has heard about this Traylor Skwelce situation? The Serb is busy. If you got the time, the Serb is a little sad for you.

All ass, the facts is the facts. There are only one the Serb. Who else calls the calls and predicts the predicts like the Serb (and the Serb's magic 8-ball). That's Right! NOBODY. The peoples love the Serb, welts and all.

So now, the Serb probably has about a minute to make some insightful comments: Hold on. OTSG! She is gonna be at the Jets game!

(50 seconds) The HHS is great. The field is a perfect mathematical square! Boulieriesque (look it up). The whoseinwhoseout gymnastics were the first act again, but this TD stuck the landing.

(40 seconds) World #1 is out, but 2, 3, 4, 5, 6 are in. A rookie is #2 and maybe the HHS favorite. Ludvig Von Berktoven could finish the year with three wins, the MMAP title, POY and ROY awards, and a fine fresh lion pelt on display in one of his many expansive manses.

(30 seconds) Inexplicably out is Weave and in is something called A-Head for pool play (the Serb has some long term memory loss. Short term is fine. Short term is fine.) And Mt Hawley got the controversial call to the Show. The Serb loves this lineup. Shapely courses. Great September weather. Ooh Ooh Wee. That feels good!

(20 seconds) The Serb wonders: "what of this new Trips Manning format?" A triumph for the TD. But flackful for the baby daddy's in the field. The Serb has mild intestinal discomfort to think that this grand feast of golf could find an empty toilet bowl on Sunday. That The Serb knows all too well is no way to live.

(last 10 seconds) Here is list of participants (no popular order):
