

2026 Hoo Hoo Shoot – Preview

Hunnert. Majors number Hunnert. Started in 2001. Phoenix. February. The Format. TBK, TST, PVT, BPT (who dat?). The Serb predicted cock fights in Guadalajara way back then....The Serb was muy bueno even back then! The Serb has scoured the anals (seems like a good word for the Serb to spell check) and done the AI. 100 Majors equals 26 UFCs (including one The Format and one QE2), 26 Mondos, 25 DHBs, and 23 HHSs (including some highly racist LV thing that is largely stricken for the anals). Ninety three players over the years playing for over \$89,000 in prize money. Thirty different winners! The Flask, The AJ Cup, The Back Room, The Ultima Test, The, heretofore unsactioned, Midterms and Final Exams, The Cloakroom, The Winter Summit, The Constitution of the Majors, POTM and The State of The Majors, UMBP voting, Discord, The Majors Webby, The OWGR, The EMF Sprint, The Ace & Geary Fund, The Cup of America and, of course, The Serb. The Serb can only bow to the makers for the badassness of this beautiful wonderful experiment called The Majors. And, of course, say that The Serb is proud to know that of it all, the only thing really worth anything is opinions and insights of The Serb. For that this emotional Serb proclaims to all of you in reasonably big letters “YOU’RE WELCOME”.

Now on to #100. First let start with #99. Yes Manti Te’o girlfriend was real. Sure Brian had a girl in Canada (you wouldn’t know her). We all know that Milli Vanilli was great! Of course Gary Fogel had cancer. Sidd Finch absolutely through 168 MPH. That Rosie Ruiz had some Freakish stamina, And, BT5 has golf skills. SHEESH! The Serb is embarrassed. Apparently, The Serb is just old. Easy prey for all the scammers. Never again. Okay back to #100. The HHS in September. Nobody told Houly. Cold, Windy, Rainy, Sleet, Snow. Some of that could happen. The Serb’s weather App is broked so The Serb doesn’t really know. It actually broke when The Serb tried to renew The Serb’s iCloud account. Was supposed to be easy, just click on the link.

Anyway – This is a truly great field. 5 of the top 6 in the OWGR. Sure, some (The Serb might say many) are not here, but the field is full up and with worthy combatants. The Serb will only speak of those in the game... except for our defending champion, JBY (fell prey to the unavoidable scheduling issues) and mainstays – ERN (you can’t win if you don’t play), DOED (what the? every weekend is parents weekend), and MGY (a full 2026 off – coulda torn his dang ACL and whoda known – expect the golfoutingerati, of course). To all of you, The Serb simply wags The Serb’s finger Babu style.

The Serb does smile to think of no rookies this time. Just grizzled vets that know the pressure, the stakes, and the calamity of the HHS. It’s match play. You only have to be better than your opponents a little more than half the time. Even BT5 can do that. Can, but won’t. Never Again!

And WeaverRidge is out. The greens unkeepers finally did it! The Serb says hooray! Coyote to the Big Time – even if it just for the tiebreakers. And MH never disappoints – MH from the whites. The Serb is buckling up. Matches coming down to #9 over that water feature and #18 from deep in the woods. Delicious! The Jewel is The Jewel. The Serb’s favorite time of the year. Octob...September in the Illinois. Precious!

Now to the Pool work...

PESTILENCE:	(17) JUD (1) LUF	(2) TBK` (25) W	This scourge is loaded. OWGR Top 2 – eying an HHS win. TBK consistence, LUF shot making, W the storied champ. And JUD might just overpower them all.
WAR:	(NR) SWT (19) ICN	(11) STL (NR) GET	The rankings don’t look like much, but for GET its here we go again! If healthy, SWT and STL are favorites in war. ICN has all the boyish joy. At least GET will dress warm.
FAMINE:	(4) BT5 (6) 3M	(3) TST (33) JRY	Oh boy. TST/3M again! TD finger down. The pool is open. JRY of the FW&G genre, 3M brings the birdies, TST’s good is great. And nobody is starving like BT5. N.A.!
DEATH:	(36) COW (8) BDD	(NR) ATR (25) MEL	Is there a fate worse than death? Seems BDD could win this with a sickle. MEL is a famous non-winner, ATR shown no signs. Maybe COW - he looks great... in the airport.

Now The Serb Predicts:
