

2025 Hoo Hoo Shoot – Preview

The Serb senses that sumpton up. The Majors “Next Generation” starts now? Facing unprecedented mass snubbery and downright disrespectful and abusive thoughts entertained by so, so many (including This Serb) for it, this TD...your TD...OUR TD perser-dang-svered! Went all Crans on everybody’s collective ASS! The Serb’s TD sent a rousing “eat it, suckers” to all those Jake Blues out there. [STSH: a wedding! parents weekend! high school golf! anniversary! “I live in a different town, but I just gotta get out of town! Surgery (pfft)! ex-trooper day at Del Boca Vista! too much going on! moving! North Korean BBQ! not enough going on! and OTSG: SOCCER!!!]. by filling out this still studly field with a stellar band of rookies that are poised to take the Majors into the next Newmanium (The Serb recognizes the significance, but also that The Serb has used a Benes-like number of exclamation points already). Careful to all you Wally Pipp’s out there. We gots young Gehrigs (watch that autocorrect) all up in this place. The Serb believes in full (minus the “all due respect”) that this 2025 HHS will be this Majors’ finest hour. The Serb can only say: Well Done, TD.

So, now, what does the Serb have here? 20% of this field is a bunch of no-name hacks that The Serb has never seen. 20% is a bunch of named hacks that The Serb has maybe seen enough of. 20% is a bunch of ne’er-do-wells that the Serb thinks The Serb might wants to see more of. 20% are a bunch of has-been old cranks that competed before electricity (certainly before the Majors were primetime, aka before The Serb), and 20% are downright, upright competitors with the stones to win it all!

Speaking of stones. It is The Serb’s happy time. It’s Jewel time. And this one, HHS 010110, promises new life. Who is not here? The Serb cares not. If the Serb had a vote, The Serb would use it. The Serb does not have a vote. The Serb cares not. This field is strong – lots of dudes done lots of good Majors things. Some recent, some in the way back. Some in the way, way back. The winners of 14 of the 21 HHS winners are here. This field is also a little unknown. EPY under 5. This isn’t your Majors’ EPY. MKB, COW, GEO (the collective next G): not even The Serb’s trusty Googler can help. LUF with 3 HHS runners uppers is giving not taking in 2025. ERN...well ERN is known. MGY is also known. And MGY is strong. Defending champ in a whitewash. Winner of the last Major in a whitewash. Owns our beloved WeaverRidge. Brought a henchman in (that was on the Google). This is like giving candy to a baby! And The Serb is that baby.

WeaverRidge again for all 54. A green grassy new life? The comfortable warmth of the HHS is unwavering (there an “i” in there?). The Serb loves everything about it. Play Pool, Match Play, Match Play. Champion Bracket. Toilet Bowl (*brought to you by Connor Co member FDIC*). Weather: Great. No Cheaters (all Cheaters?): Great. Next Generation: Great. Old Generation: Great. WeaverRidge is a true test of patience, perseverance, wills, rakes, water, high grass, no grass, and above all, etc. Unknowns: Yes. At the HHS, Green is Blue, Up is Down, Day is Night, ERN might win. Huh? The Serb matriculates. Glory! Hallelujah! The Serb is ready. Nuff said.

Now the Pools (The Serb wonders: don’t all these signs just kinda point to DEATH?):

FAMINE:	(10) DOED (20) GET	(2) MGY – 24 Champ (22) W	MGY Garden Party. W & DOED past champs. GET plain unlucky. The Serb considers all. But in the days of Famine isn’t MGY obvious?
DEATH:	(NR) COW-R (NR) GEO-R	(12) BT5 (1) LUF	Two rookies / two legends. COW/GEO unknown. LUF is (1). BT5 is BT5. The Serb got nothin’. Death has 6 halves. The war deck decides.
WAR:	(9) TBK (25) SMBA	(14) ERN (NR) EPL	Wide open! EPY giving and giving all day. TBK fun starts later. ERN lives on the schvide. SMBA DTTS. So close in golf and in War.
PESTILENCE:	(4) TST (11) ICN	(NR) MKB-R (26) 3M	More TD brilliance! TST/3M are Majors Feud #1. ICN showing his boy MKB the ropes. The juxtaposition is what Pestilence is all about.
