

2023 Unfrozen Caveman – Preview

NEVER QUESTION THE SERB AGAIN!!!

Not in the ways of the Granddaddy! When it comes to the UFC, The Serb sees all and the Serb knows all! Just ask TST. Even if he had no idea how he won, The Serb knew...and well before they all teed it up under the Big Top at Wolf Creek.

So what of UFC 2023? The Serb has plenty to say. First of all, these crackers at Ventana frickin' Canyon can kiss The Serb's...

[The Serb has apparently been called aware on important The Serb business. The only communications from The Serb is The Serb's out of office message.]

The Serb is away on critical The Serb business. The Serb will be unavailable from 5/4 until the important The Serb business is complete. Any expectation of The Serb providing any Serbish services during this time is strictly false and rather foolish. The Serb will not have access to The Serb's AOL account, TRS-80, or flip phone during this time. The Serb will not return any emails or phone calls when The Serb returns. The Serb does not apologize for the inconvenience.

If this is an emergency, eat it.

Unfortunately, The Serb left these chicken scratched notes in plain site on the back of a McRib wrapper on The Serb's desk in The Serb's doomsday locker that were obviously chicken scratched before The Serb went so missing:

What The Serb Really Thinks (not likely any offense intended):

Papa Bear Pod – Sugar Daddies? again with the only the man can be the man dribble. that frickin' caveman. lawyer...my ass. neanderthal

- (1) SWT (4.6) #14 – Pancherillo – yea he's probably gonna win. best player by far. none of these losers are close. love him.
- (2) BT3 (6.5) #9 – Manfred Womann – yea right. the dude hasn't won in a hundred years. frickin' sibble. hate him.
- (3) STL (7.6) #1 – The Parser – what a loony tune. hits it so well and then can't make a 1-footer. disappointing. still love him.
- (4) W (8.6) #11 – Frickle Snitz – like to think this could be the big return. has he won a UFC? probably hate him

Mama Bear Pod – Oh yea. Sexy Ladies [scratched out]. this is where the UFC happens. woman can do stuff now!

- (5) XOT (11.2) #18 – Supervisor O'Boyle – what? he's back? didn't see that coming. no idea what to expect. can't like him or hate him.
- (6) LUF (11.7) #3 – Antarctic Blue – oh man. wish he would win. how'd he get stuck in the top. this format is whack. gotta hate him.
- (7) DOED (11.7) #4 – Bean Bath – poor sucker. so misunderstood. right in the middle is no way to live. bet he's in it. really like him.
- (8) PTG (13.5) #17 – Nellie Stool – how is it possible. that ain't real geometry. so right. so very right. but works. not sure think like him.
- (9) TBK (14.0) #16 – The Line Mooner – sweet swing but what a frickin head case. if he gets his confidentness. take down swt. love him.

Baby Bear Pod – Tiny Tinies. Completely helpless in their cribs – always looking for a handout. glad ts never had none.

- (10) BKB (14.3) NR – EZ Clump – what? fourteen point three. omfg. his papa will get him off the tee. obviously love him.
- (11) TST (14.7) #2 – Old Weekatitime – he won last year (check into how that happened). picked him. maybe not again but still like him.
- (12) TT (16.0) NR – The Kavorka – what ts wouldn't give. rig it? when he has his game, love him. wanna, love him. maybe just like him.
- (13) ATR (23.0) NR – Laddie Godiva – oh boy. 23 a big number. 15% of it (that the calculation?) is not. dumb. not sure - think hate him.

[NOTES to consider: 1) assuming all the love and hate is about chances and 2) the final editing and vetting process in anything The Serb creates is generally vast and 3) The Serb never knows what any of the numbers are – like hdcp index and world “hmm hmm” ranking]

The Serb's Prediction (as best we can tell):

Pretenders: BT3, W, LUF, ATR

In the Mix: DOED, XOT, PTG, TT, TST

Contenders: SWT, TBK, BKB, STL

Darkhorses to Win: TT, PTG

2023 UFC Winner: TBK
