

EFFECTIVE MARCH 17, 2017

WE CANNOT REFILL YOUR PROPANE TANK IF:

***IT IS "12" YEARS PAST THE DATE OF MANUFACTURE**

***IT IS "5" YEARS PAST RE-CERTIFICATION DATE**

***IT HAS DAMAGE TO THE CYLINDER'S EXTERIOR –
INCLUDING RUST, DENTS, BULGES, OR CRACKS ON THE
CONTAINER'S SURFACE**

***EXCESSIVE RUST OR PITTING ON THE CYLINDER,
PARTICULARLY ON THE BOTTOM OF THE CONTAINER**

***OPD VALVE REQUIRED FOR CYLINDERS**

THIS IS FOR YOUR SAFETY

**Federal regulations for dispensing and refilling propane tanks
are set by the National Fire Protection Agency (NFPA), the
Department of Transportation (DOT), and the Occupational
Safety and Health Administration (OSHA)**
