

121st Annual Meeting: Marriott Marquis, Houston, Texas, March 18-21, 2020

December 5, 2019

Monica Weldon
President/CEO/Founder
Bridge of the SYNGAP

Dear Monica:

On behalf of the American Society for Clinical Pharmacology and Therapeutics (ASCPT), it is our pleasure to invite you to participate as a speaker in the Patient Forum at the 2020 Annual Meeting to be held on March 18-21 at the Marriot Marquis Hotel in Houston, TX. The Patient Forum is a session that bridges innovation in clinical pharmacology and therapeutics to the needs and perspectives of patients.

ASCPT is the premier professional organization serving the discipline of clinical pharmacology and translational science. The Annual Meeting typically welcomes more than 1,500 attendees from academia, regulatory agencies, and the pharmaceutical and biotechnology industries, with a focus on clinical pharmacology and translational science across the continuum of discovery, development, regulation, and utilization.

The Patient Forum will feature a small panel of presenters who will give “TED-style” talks of approximately 20 minutes each, followed by a moderated Q&A session with the audience. The Patient Forum is scheduled for Thursday, March 19, 2020, 1:00 PM – 2:30 PM. Individual speaker times within this session will be scheduled once all speakers have been confirmed. We are particularly interested in your personal story as President/CEO/Founder of Bridge the SYNGAP, as well as and your engagement in science and building subject databases.

As part of ASCPT’s commitment to maximizing access to the high-level education offered at the Annual Meeting, the Patient Forum will be among those sessions recorded and offered online to individuals unable to attend the session onsite. As part of the acceptance process, we ask that you log into the website below with the credentials provided to confirm your intent to grant ASCPT the necessary permissions to record and distribute your session online after the Annual Meeting, as well as complete all of the other tasks required no later than **December 20, 2019**. If you have any further questions, please email meetings@ascpt.org.
