GEAR-X HARDCASE SERIES

**GEAR-X**

[www.gearxus.com](http://www.gearxus.com)

# Who we are

At Gear-X, we design and build cases that combine style and protection, keeping your prized musical instruments safe wherever you go.

# Our Vision

To become the preferred innovative partner for every musician for their choice of music instrument protective gear and related accessories.

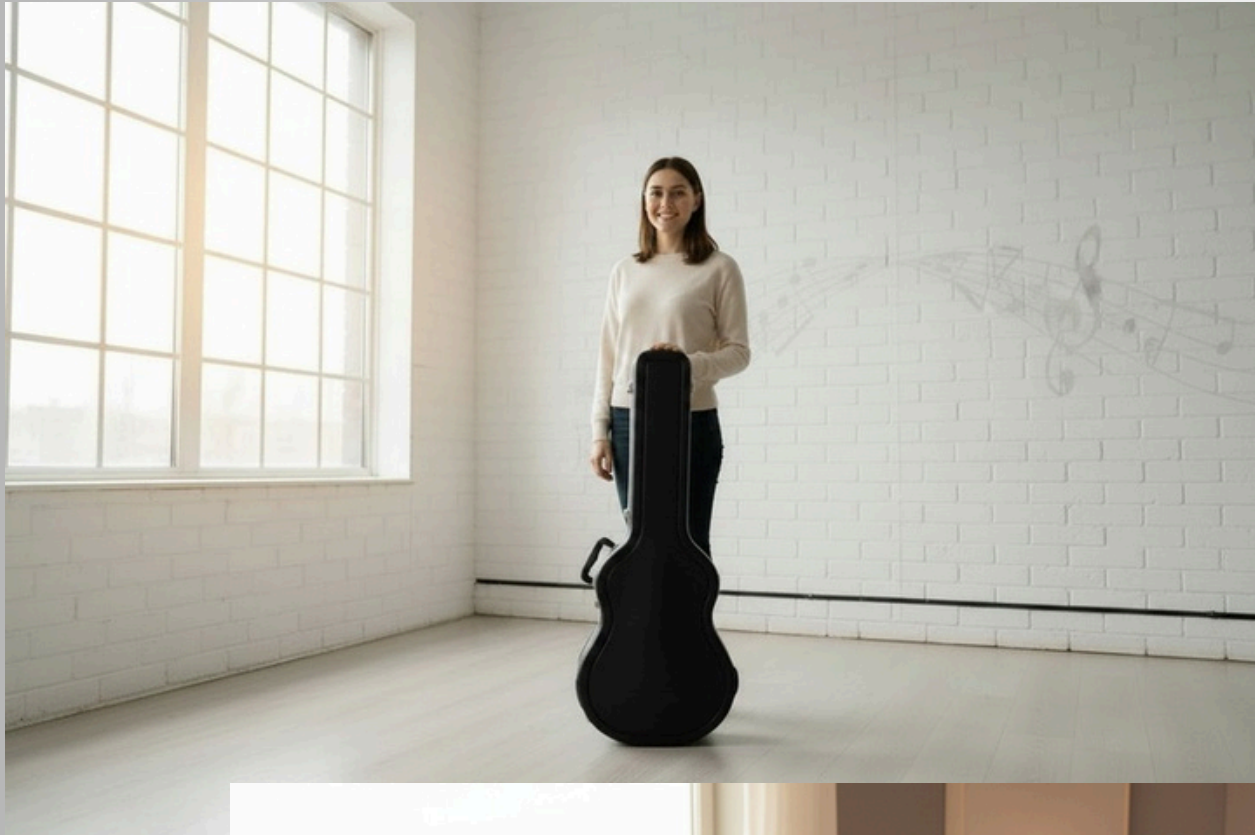

# Our Mission

To craft instrument cases that are uncompromising in their quality and design, seamlessly blending exceptional protection with a distinctive aesthetic. We strive to be the trusted companion for every musician, safeguarding their cherished instruments with unwavering dedication to craftsmanship and style.

# Catalogue Overview

- ABS cases
- ABS Deluxe cases
- ABS Premium cases
- Wooden cases

# ABS Cases

- Concerto (Acoustic series)
- Forza (Electric series)

# Gear-X ABS Specs Exterior

Our ABS series hard case uses high-grade, abrasion-resistant ABS resin, which protects the case from scuffs and scratches.

The base of the case features a drop-protection bumper to protect the guitar from impact shocks. The latches on the lid securely protect the guitar inside the case.

# Gear-X ABS Specs

## Interior

### **Built for Protection:**

Our ABS Guitar Hardcase features a shock-absorbing, insulated interior designed to securely fit standard acoustic and dreadnought guitars. It keeps your instrument safe during travel and storage.

### **Interior Features:**

- **Impact-Resistant Foam Core:** High-density EPS foam helps absorb drops and impacts and provides thermal insulation.
- **Soft Plush Lining:** Deep-pile velvet lining prevents scratches and protects delicate finishes.
- **Secure Neck Support:** Reinforced neck cradle supports the neck and headstock for added stability in transit.
- **Accessory Compartment:** Built-in storage box for picks, strings, capos, tuners, and other essentials.

# ABS Deluxe Cases

- Concerto Deluxe (Acoustic series)
- Forza Deluxe (Electric series)

# Gear-X Deluxe cases Exterior Spec

ABS Deluxe features a rugged ABS polymer exterior that provides superior impact resistance, deflecting knocks and drops while remaining extremely light weight.

# Gear-X ABS Deluxe Specs Interior

## Product Overview

Designed for the Touring Musician, the Deluxe ABS Electric Guitar Hardcase offers premium protection with an upgraded interior designed for maximum safety, stability, and a precise fit for standard acoustic and dreadnought guitars.

## Key Interior Features

- **Hybrid Impact Protection:** High-density EPS foam combined with EVA shock-absorbing inserts at key stress points for enhanced drop protection and rigidity.
- **Soft Plush Lining:** Deep-pile, shed-resistant velvet protects delicate finishes from scratches and wear.
- **Advanced Neck Support:** Dual cradle system secures the neck and headstock to prevent movement during transport.
- **Interior Lid Cushioning:** Foam padding gently stabilizes the guitar inside the case.
- **Large Accessory Compartment:** Central storage space for strings, straps, tuners, and humidifiers.

# Gear-X Montreux

## Product Overview

A classic rectangular hardcase built for maximum protection of solid-body electric guitars. Featuring a durable wooden shell and plush interior, it keeps your instrument safe during transport and storage.

## Exterior Features

- Multi-ply wooden construction for superior strength
- Black vinyl/Tolex covering with scuff-resistant texture
- White contrast stitching for a classic finish
- Chrome-plated latches and hinges for secure closure
- Heavy-duty molded handle for comfortable carrying

## Interior Features

- Soft black plush lining to protect the guitar finish
- Padded neck cradle for added stability
- Large accessory compartment for cables, straps, picks, and tuners
- Lid retaining strap for safe, convenient access

## Best Fit

Fits Stratocaster/Telecaster-style electric guitars. Also available for electric bass.

# Gear-X Memphis

## Product Overview

A classic rectangular hardcase designed for maximum protection of solid-body electric guitars. Built with a durable wooden shell and a plush interior, it keeps your instrument safe during transport and storage. Available in different colors.

## Exterior Features

- Multi-ply wooden construction for excellent strength and crush resistance
- Black vinyl/Tolex covering with scuff-resistant texture
- White contrast stitching for a classic look
- Chrome-plated latches and hinges for secure closure
- Heavy-duty molded handle for balanced carrying

## Interior Features

- Soft black plush lining to protect the guitar finish
- Padded neck cradle for added stability
- Large accessory compartment for cables, straps, picks, and tuners
- Lid retaining strap for safe, convenient access

## Best Fit

Fits standard solid-body electric guitars (Stratocaster / Telecaster style). Also available for electric bass guitars.

# Gear-X New Orleans

## Product Overview

A premium Classic Series wood case designed for Stratocaster and Telecaster electric guitars. Combines vintage-inspired styling with dependable, road-ready protection for everyday use and touring. Available in different colors.

## Material & Finish

- Shell: 3-ply hardshell wood construction for strength & impact resistance
- Exterior: Tweed or black textured vinyl wrap with a classic vintage look
- Frame: Reinforced wood core with steel hardware anchoring for durability
- Interior: Soft crushed acrylic plush lining to protect the guitar finish

## Structural Design

- Precision-fit molded interior for Stratocaster and Telecaster guitars
- Reinforced top and bottom panels with 8mm sidewalls for added crush protection
- Integrated accessory compartment for strings, picks, and essentials
- Tongue-and-groove closure for a tight, dust-resistant seal

## Hardware & Accessories

- Heavy-duty chrome steel draw latches (locking latch option available)
- Reinforced steel-core handle with vinyl wrap for comfort
- Durable hinge system for frequent use

# Gear-X Casablanca

## Premium Wooden Guitar Hardcases

A premium collection of wooden hardcases designed for superior protection and vintage-inspired style. Built with reinforced wood cores and wrapped in a midnight navy suede-textured finish, these cases safeguard your instrument against impact, humidity, and temperature changes. Available in different colors.

## Contoured Acoustic Hardcase

A fitted case for acoustic, classical, and archtop guitars, combining elegance with road-ready durability. Midnight navy exterior with brass hardware opens to a plush cream velvet interior with dense padding, neck support, and a storage compartment for accessories.

### Specs:

- Fits: Acoustic, Classical, Archtop
- Core: Reinforced wood plywood
- Exterior: Navy suede-texture
- Interior: Cream velvet + foam padding
- Hardware: Brass latches and padded leather handle

## Classic Electric Hardcase

A sturdy rectangular case designed for solid-body electric guitars like Stratocaster and Telecaster models. Features a navy suede exterior with stitched corner accents, a plush velvet-lined interior, and secure brass latches with locking capability.

### Specs:

- Similar to Acoustic

# Gear-X Nashville

## Product Overview

The Nashville series is built for maximum protection of all kinds of acoustic guitars. Featuring a durable wooden shell and plush interior, it keeps your instrument safe during transport and storage.

## Exterior Features

- Multi-ply wooden construction for superior strength
- Black vinyl/Tolex covering with scuff-resistant texture
- White contrast stitching for a classic finish
- Chrome-plated latches and hinges for secure closure
- Heavy-duty molded handle for comfortable carrying

## Interior Features

- Soft black plush lining to protect the guitar finish
- Padded neck cradle for added stability
- Large accessory compartment for cables, straps, picks, and tuners
- Lid retaining strap for safe, convenient access

## Best Fit

Fits acoustic and classical guitars. Also available in arched top.
