

The TATSOR™ Group is a professional training and advisory organization that specializes in law enforcement, corrections and military special/conventional operations with emphasis on high-risk incident management subjects.

In addition the TATSOR™ Group provides training and advisory assistance regarding security of personnel and infrastructure as well as a suite of citizen specific training programs covering the full spectrum of firearms-marksanship, personal defense, leadership-business retreats and wilderness survival.

This professional combination of capabilities is world renown for the quality of training and advisory assistance developed and presented.
