HOW WE MAY USE AND DISCLOSE PROTECTED HEALTH INFORMATION ABOUT YOU

The following categories describe the ways that we use and disclose health information. Not every use or disclosure in a category will be listed. However, all of the ways we are permitted to use and disclose information will fall into one of the categories.

On Your Authorization. You may give us written authorization to use your health information or to disclose it to anyone for any purpose. If you give us an authorization, you may revoke it in writing at any time. Your revocation will not affect any use or disclosures permitted by your authorization while it was in effect. Unless you give us a written authorization, we cannot use or disclose your medical information for any reason except those described in this notice

For Care. We may use or disclose health information about you to provide you with appropriate levels of care in our home. We may disclose health information about you to doctors, nurses, therapists or other Cedars Village, LLC personnel who are involved in taking care of you at a Cedars Village, LLC. For example, a doctor treating you for a broken leg may need to know if you have diabetes because diabetes may slow the healing process. In addition, the doctor may need to tell the dietitian if you have diabetes so that

we can plan your meals. Different departments of a Cedars Village, LLC also may share health information about you in order to coordinate your care and provide you medication, lab work and x-rays. We may also disclose health information about you to people outside the Cedars Village, LLC who may be involved in your medical care after you leave a Cedars Village, LLC. This may include family members, or visiting nurses to provide care in your home.

For Payment. We may use and disclose health information about you so that the treatment and services you receive at our Cedars Village Facility may be billed to you, an insurance company or a third party. For example, in order to be paid, we may need to share information with your health plan about services provided to you. We may also tell your health plan about a treatment you are going to receive to obtain prior approval or to determine whether your plan will cover the treatment.

For Health Care Operations. We may use and disclose health information about you for our day to-day health care operations. This is necessary to ensure that all residents receive quality care. For example, we may use health information for quality assessment and improvement activities and for developing and evaluating clinical protocols. We may also combine health information about many residents to help determine what additional services should offer, what services should be discontinued, and whether certain new treatments are effective. We may also use and disclose information for professional review, performance evaluation, and for training programs. Other aspects of health care operations that may require use and disclosure of your health information include accreditation, certification, licensing and credentialing activities, review and auditing, including compliance reviews, medical reviews, legal services and compliance programs. Your health information may be used and disclosed for the Management and general activities of the Cedars Village, LLC including resolution of internal grievances, customer service and due diligence in connection with a sale or transfer

of the Cedars Village, LLC. In limited circumstances, we may disclose your health information to another entity subject to HIPAA for its own health care operations. We may remove information that identifies you so that the health information may be used to study health care and health care delivery without learning the identities of residents. We may disclose your age, birth date and general information about you in the Cedars Village, LLC newsletter, on activities calendars, and to entities in the community that wish to acknowledge your birthday or commemorate your achievements on special occasions. If you are receiving therapy services, we may post your photograph and general information about your progress.
