**Next Club Meeting**

**TBD**

**To all ECSCSC Members,**

**The National Specialty in Pala Mesa is rapidly approaching in April.**

**I am the Raffle Chair and the raffle is a major fundraiser for our Club.**

**Your generosity in donating raffle items is appreciated.**

**Thank you,**

**Anne Tucker**

**Ed. Note: Contact Anne at [scoutaroo@sbcglobal.net](mailto:scoutaroo@sbcglobal.net) to inform her and make arrangements to get the donation to Pala Mesa if necessary**

## **President's Message – Sally Rosenthal**

We had another successful Winter Specialty. Unfortunately the major broke in bunches, but it is hard for us to compete with the 4 day show in Portland scheduled at the same time. We are hoping that Ventura and San Fernando will add at least one more club to the weekend, as we hate lose the venue. Our summer venue is going to change once again. After many futile attempts to contact Summerfest re their change in electrical and location, the club has decided to have our Specialty in conjunction with the Santa Barbara shows in August. While it can be very expensive to stay in Santa Barbara, Earl Warren Showgrounds has plenty of RV spaces for the August 22-25 weekend. It is \$65 per night for full hookups. You can book direct on [www.earlwarren.com/rvpark](http://www.earlwarren.com/rvpark).

## **2019 National Specialty –**

It is only TWO MONTHS until our National! There are still many things that need to be addressed, and our fundraising will continue until the actual event is over. I certainly hope that you have all ordered logowear and one of the fabulous calendars, as these items help to support our fundraising efforts as well. One of things that we will be offering in our morning hospitality is home made quick breads. We did this in 2013 and it was a huge success. If we can all start baking now and freezing the breads until the National, we should have a good supply. If you are not a cook, you can still get one of the quick bread mixes. Trader Joes has a fabulous Pumpkin Bread. I plan on making at least 10. Please let me know if you plan on contributing. Another successful 2013 endeavor was renting grooming tables, arms and ex-pens to people flying in for the National. Many of us have extra tables and ex-pens. If you can contribute to this endeavor please contact Susan Trockey at [strokey@verizon.net](mailto:strokey@verizon.net) as soon as possible, as she will need to know how many are available. Thank you so much for your participation!!

## **Election of New Members**

A application for new membership was voted on and approved. I would like welcome our newest member Sherri Bie to our club.

## **Unfinished Business**

· Summer Specialty-

Sue reported that Summerfest has informed us that the Specialties may not be held in the North Quad and there may not be power available. The power issue will not be decided until mid January. When the information was given to us, the Board decide to look else where to hold our Summer Specialty. It was narrowed down to two the Malibu KC to be held in June 2019 and Santa Barbara KC to be held in August 2019. The pros and cons were discussed for both venues.

A Motion was made by Lynda to hold our Summer Specialty in conjunction with the Santa Barbara KC, seconded by Nina. The Motion passed. Sue will contact the show chair for Santa Barbara KC. The expensive lodging was also discussed, Curt will contact The Residence Inn in Goleta (Nina and Curt stayed there last year) to see if they would give our exhibitors a rate break.

## **New Business**

Membership application noted above

## **Adjournment at 1:30pm**

## **Brag & Bitches**

Salli - Toasty only needs 3 points for his GCH Gold. He was Award of Merit today at our Winter Specialty, In Palm Springs on Saturday he went Select Dog.

Nina and Curt- Chase finished his Championship in Stockton and also went Group 4 in the Bred by Exhibitor Group. Kira went WB today for her second major only needs a point to finish. Nina also asked for prayers

and good thoughts for their daughter Alexis who is dealing with back problems.

Debbie Hoffman - Her girl was Select Bitch today at our Winter Specialty.

Bruce- Emerson was BOB at Sporting Dog in Palm Springs, BOS on Saturday at the Kennel Club of Palm Springs and Select dog today at our Winter Specialty. His puppy won Sweepstakes today.

Troy and Sue - Jake went Best Owner Handler on Saturday in Stockton and went on to an Owner Handler Sporting Group 1. Brandy went BOS and Best Owner Handler today at our Winter Specialty. She also went on to a Sporting Group 1 today in Owner Handler.

Respectfully submitted,

Sue Frye, Secretary

## **EVERYONE PLEASE READ AND PARTICIPATE IF YOU CAN**

### **RESEARCH INTO CANINE ADDISON'S DISEASE THAT DOES AFFECT ECS**

Hello Everyone. My name is Amy Treeful and I am a graduate student helping Dr. Steven Friedenbergl at the University of Minnesota with his research on canine Addison's Disease. In addition to our ongoing genetic study, which some of you may have participated in, we have launched a study to identify the autoantibodies in canine Addison's Disease. Identifying the disease-defining autoantibodies would help to develop an early screening test for Addison's Disease in at risk populations. Such a test exists for humans, but has not yet been established for dogs. This kind of test could help find Addison's cases before considerable suffering and disease progression occurs.

Because the component of the blood to be studied is different in the new study (antibodies), we can't use previously submitted blood samples from the genetic study. Blood samples for the genetic study were used to isolate DNA only and the new study requires the blood be collected into three different special tubes. If you are unsure if you have participated in either of these studies and would like to clarify with me, please feel free to contact me at tree0002@umn.edu. I can check our records.

If you would consider it, we would be grateful if you could send a one-time blood sample to be collected at your at your veterinary clinic. We are specifically looking at this disease in a selection of predisposed breeds, specifically, Standard Poodles, Portuguese Water Dogs, and English Cocker Spaniels. We currently are in the greatest need of samples from English Cocker Spaniels. The four groups we are looking for are as follows;

- 1) Newly diagnosed dogs with typical Addison's Disease (Sample collected within 30 days of diagnosis)
- 2) Long-term cases (Ideally diagnosed 5 years ago or longer, but we have relaxed this criteria. If you have a dog living with typical Addison's Disease for more than one year, we would still encourage you to participate.)
- 3) Healthy dogs ages 8 or older (no other existing autoimmune disease or illness)
- 4) Young healthy dogs ages 3 or younger (no other existing autoimmune disease or illness)

I also want to add that we in our studies we have noticed that English Cocker Spaniels tend to have lower baseline cortisol levels than the other breeds in this study. This does not mean that your pet has Addison's Disease. However, it would mean that in order to include the pet in the study we would have to follow up with an ACTH stim test (which is of very low risk) to establish normal cortisol production. This is something that we would arrange with your veterinary clinic with your consent and we would pay for it (as long as it is within our budget).

If you are interested, please contact me at tree0002@umn.edu. I would just need the contact information for your veterinary clinic so that I could send them a collection kit. I would also give them a call ahead of time to let them know to expect the kit and to discuss the study. The collection kit includes the collection instructions and tubes, return packaging materials, and a prepaid return FedEx shipping label. Most vets will agree to do the blood draw free of charge because it is for research but I highly recommend confirming this with your clinic prior to the blood draw.

If you'd like to talk about more about this study over the phone, please just email me back and we can set up a time to talk.

Thanks so much for your time!

Best Regards,

Amy
