President's Message

Greetings one and all,

I hope this finds everyone well and staying safe. Unfortunately I don't have any updates to share with you about our tentative Independent Specialty in May with the Ventura Dog Fanciers, I'm still waiting for another update from Peri Norman.

I'm checking the AKC Events calendar weekly and still nothing is slated in May for them.

I will send out any updates as they become available.

Troy and I are staying out of trouble, and are looking forward to going to dogs shows and seeing our friends.

Until next time,

fondly,

Sue

American Kennel Club Welcomes Biewer Terrier to its Pack

Courtesy of the Biewer Terrier Club of America and AKC

The American Kennel Club (AKC®), the world's largest purebred dog registry and leading advocate for dogs, announced today that the Biewer Terrier has received full recognition, and is eligible to compete in the Toy Group. This addition brings the number of AKC-recognized breeds to 197.

“We’re thrilled to have the Biewer Terrier join the registry,” said Gina DiNardo, AKC Executive Secretary. “This wonderful little dog makes a great companion for a variety of people, and we’re excited to introduce dog lovers to another fantastic breed that may be a perfect match for their family. As always, we encourage people to do their research to find the right breed for their lifestyle.”

Joining the Toy Group, the Biewer Terrier is a happy-go-lucky dog with a childlike, whimsical attitude. Their purpose is to love and be loved, making them excellent companions. These dogs are loyal and a friend to all they meet. Their long coat requires daily brushing to keep it free of mats. Biewer Terriers are easy going and don’t need a great deal of exercise. Daily walks and playtime will give them the activity they need.

AKC Recognition offers the breed the opportunity to compete at all levels of AKC-sanctioned events. Recognition does not necessarily mean that the breed is a newly created breed. Many of the breeds that gain full AKC-recognition have existed for many years, and some are ancient. To become an AKC-recognized breed there must be an active following and interest in the breed by owners in the U.S. as well as an established breed club of responsible owners and breeders. There also must be a sufficient population of dogs in the United States geographically distributed throughout the country. Breeds working towards full recognition are recorded in AKC’s Foundation Stock Service® (FSS®). Additional information on the process can be found at akc.org.
