# AFTER CARE

so you can have beautiful hair always

## SEW-IN

\*thoroughly dry the top of the extension to prevent mold on the hair

## GENERAL CARE

- \*Brush through hair twice a day
- \*oil your mid-shaft to ends every day
- \*Use heat protectant before styling
- \*sleep in a satin bonnet or low ponytail to prevent hair from tangling

## K-TIP

\*be mindful of the top of the extensions when using heat  
\*avoid roughly pull the brush through the top of your head

## TAPE-IN

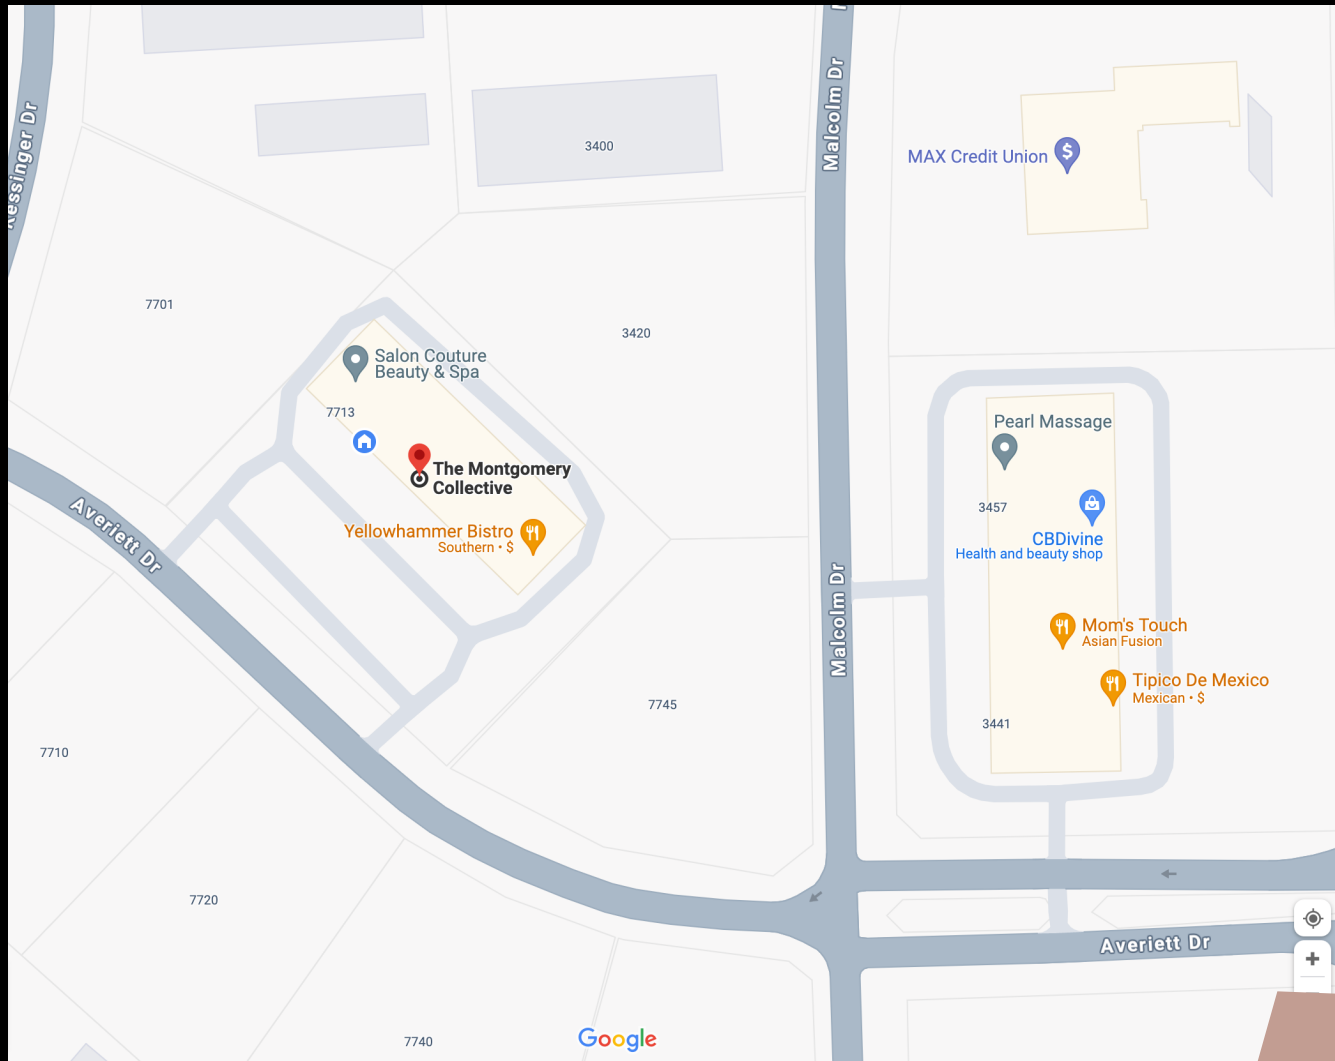

- \*avoid excessive heat towards the top of the extension
- \*avoid pulling or tugging on the extension

## I-TIP

\*be mindful of the top of the extensions when brushing your hair
