STONE, TILE, AND GROUT MAINTENANCE SYSTEM

Keep Floors Looking Brand New!

The Betco® Stone, Tile, and Grout Program provides a simple, easy, and innovative solution to clean and protect these floors with comprehensive products, procedures, and training programs. This program works on all types of grouted surfaces as well as natural stone floors such as slate, travertine, limestone, and more.

- To turn back the clock on even heavily soiled and stained substrates.
- Ideal for use on kitchen quarry tile, porcelain bathrooms, lobby slate, etc.
- Keeps floors looking brand new!
- Extends flooring life cycle.

Stain Protection

STG Penetrating Sealer

Untreated

Stone, Tile, and Grout Cleaner and Protectant

Effectively cleans while its advanced technology leaves a thin, temporary layer of soil-repelling protection.

- Easy Clean Technology extends time between cleaning cycles.
- · Keep floors looking brand new.
- Proprietary blend of surfactants, emulsifiers, and repellency aids.
- Penetrates and protects porous grout, tile, and natural stone with every cleaning.

Available In:

168512 12 x 32 oz. Bottles 4 x 1 Gal. Bottles 168504

168547 4 x 2 L FastDraw® Bottles

STG Penetrating Sealer

Stone, Tile, and Grout Penetrating Sealer

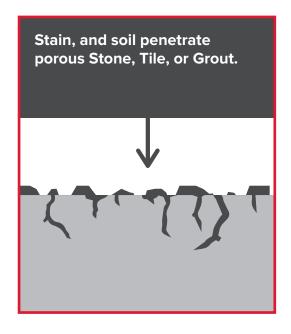

- · Superior protection from stain and soil embedment.
- Top-class stain resistance and durable for up to 1 year in high traffic applications.
- The original beauty of your floor will shine through, as it does not change the floor's appearance.

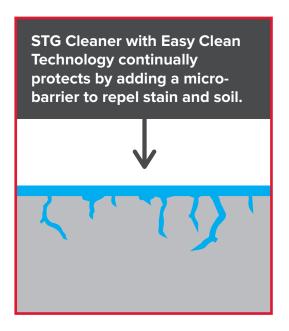

Available In:

168504 4 x 1 Gal. Bottles

Keep Floors Looking Brand New

While grouted tile and stone floors are a long-lasting, durable flooring choice, they are porous and are subject to soil embedment when not properly maintained. STG Cleaner's advanced formula utilizes Easy Clean Technology adding a micro-barrier that repels stains and soils. Preserve your floors' pristine condition!

STG Penetrating Sealer

Provide your floors with the ultimate stain protection without changing the aesthetics by using Betco's STG Penetrating Sealer.
