

GREENWOOD CLEANING SYSTEMS

Classroom Cleaning Procedure

Products

Procedures

1. Wear proper PPE (Gloves, Mask etc.)
2. Use Electrostatic Sprayer across high touch zones, desks, bathrooms and kitchens.
3. Use microfiber cloths when wiping surfaces.
4. Use appointed cleaning chemicals (aerosol, sprays, concentrates, etc.)
5. Change cloths often (after each new classroom and offices).
6. Add hand sanitizer stations and disinfectant wipes for students and teacher use.

High Touch Zones in the Classroom:

Keyboards, Desktops, Whiteboards and Markers, Watering Fountains Etc.
