

# ELEVATE™

MULTIPLE SURFACE SYSTEM

## Keep Floors Looking Cleaner Longer

Betco® Elevate™ Multiple Surface System is designed to maintain, protect and extend the life of no and low maintenance flooring products. The Elevate Multiple Surface System works on LVT as well as alternate flooring types such as vinyl tile, linoleum, rubber and laminate.

## Reinforce Cleaner and Protectant

- Repairs the wear layer with daily use - **extending the life of your floors by up to 25%**
- Keeps the floors cleaner, longer
- Advanced formula blend purposely designed for low maintenance floors

## Rescue Finish (Gloss and Matte)

- When time, rescue your floor with a Gloss or Matte finish
- **Best-in-class adhesion** ensures longevity and beauty
- Trust TruMatte Technology for a natural, matte look

## Recover Finish Remover

- **Highly effective**, labor reducing finish removal technology
- Designed for safe use on all low maintenance floors
