

Tap 2 NEW

Refine the rhythm. Elevate the artistry.

Designed for dancers with previous tap experience, this class builds upon the foundations of Tap 1 through more advanced rhythms, footwork, syncopation, and musical expression. Students will strengthen coordination, timing, stage presence, and performance quality while continuing to develop the musicality that enhances every style of dance.

Teen Street + Musical Theatre

Bring your personality to the stage.

This dynamic class explores the energy and performance qualities of both Street Dance and Musical Theatre. Students will build confidence, musicality, expression, and stage presence while exploring each style's unique history, movement, and performance qualities. Dancers train in both genres before one is selected for the recital performance — perfect for performers who love to move with personality.

Mini+ NEW LIMITED ENROLLMENT · STAFF APPROVAL

Sometimes a little extra time makes all the difference.

An extended training experience for young dancers ready to deepen their foundation and accelerate their growth. With additional class time, dancers explore ballet, jazz, tap, acro, lyrical, and street dance for a well-rounded education. Limited to 8–10 dancers, Mini+ members also perform in the Company Concert each March, alongside their end-of-year recital. Staff approval is required to book this class.

New Company Opportunities

In addition to Thursday Technique and Group Rehearsals

Student Choreography Composition NEW COMPANY MEMBERS ONLY

Every dance begins with an idea.

A creative space for dancers curious about what happens beyond learning choreography — and ready to become creators themselves. Guided by Miss Kendra and Company member Hannah Bernhardt, dancers explore the entire choreographic process, from the first spark of inspiration to bringing a finished work to the stage. Throughout this 90-minute weekly class, students experiment with storytelling, music selection, composition, collaboration, staging, and artistic decision-making. This class is also a wonderful opportunity for dancers interested in creating a solo of their own, and student-created works may be featured in a special Student Choreography Showcase as the fourth act of the annual recital.

Company Conditioning + Technique COMPANY MEMBERS ONLY

Strong dancers are built through consistent care.

This class combines focused conditioning with technical training to help Company dancers build the strength, stability, flexibility, and body awareness needed to perform at their highest level. By developing proper alignment and reinforcing healthy movement patterns, dancers create the foundation for executing skills with greater confidence, control, and safety — while reducing the risk of injury. This class serves as the required conditioning component for all Company members.

Company Ballet – Saturday Mornings COMPANY MEMBERS ONLY

For dancers who want to reach their fullest potential.

Designed for dancers committed to taking their training to the highest level, this advanced class emphasizes technical precision, artistry, strength, flexibility, musicality, and refined movement quality. Through focused barre work, center practice, and across-the-floor progressions, dancers continue developing the control, discipline, and body awareness needed to support excellence in every style of dance.
