## SOCIAL RESPONSIBILITY

# Business Code Of Conduct & Ethics

The social responsibility of a food safety consultancy and training course company lies in providing accessible, high-quality, and relevant compliances that empowers food business to enhance their food safety and hygiene standards.

We are committed to comply with Food Safety and hygiene (England) Regulations) 2013

It applies to aspects of farming, manufacturing, distributing, and retailing food.

Food Safety act 1990: It's an Act of the Parliament of the United Kingdom. It is the statutory obligation to treat food intended for human consumption in a controlled and managed way.

Moreover, according to food safety Agency UK, the main responsibilities for all food businesses covered by the Act are to ensure that: business do not include anything in food, remove anything from the food or treat in any way which means it would be damaging to the health of people eating it.
