

Dawson Diamonds

2026“Dazzle” Spring Show Program

Advertising Opportunity

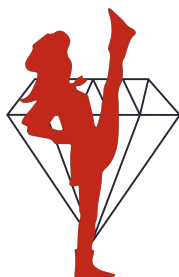

Dear Diamond Supporter,

The Dawson High School Diamonds Dance Team will hold their annual Spring Show “Diamond Dazzle” on Friday, May 1, 2026, and Saturday, May 2, 2026, in the Dawson High School Auditorium located at 2050 Cullen Blvd. in Pearland, Texas. The show will begin at 7:00 p.m. each evening. We hope you'll join us to watch the team perform a variety of dance styles, welcome new teammates, and send their Seniors off with the "Last Dance" of the season.

We invite you to show your support of the team by placing a business advertisement or Diamond “Shout Out” in the full-color printed program produced by the Dawson Diamond Booster Club, a 501(c)3 non-profit organization. Proceeds from advertising will support the team in purchasing supplies and costumes for production of the show in addition to producing the printed programs.

The Diamonds look forward to performing to a full house! In a typical year, over 800 spectators enjoy viewing the Diamond Dazzle Program.

Ad Size/ Placement	Price
Full page – back cover	\$300*
Full page – inside cover(s)	\$200*
Full page	\$150
Half page	\$100
Quarter page	\$75

Advertising Specifications

File Preparation Instructions:

When designing your files for submission, it is important to understand file requirements and standards in order to avoid production issues. Please follow these guidelines when starting the design process to ensure your advertisement may be viewed and printed with the best possible resolution.

Preferred Format: Please submit as a high-resolution .jpeg or .png format. Please make sure that a resolution of at least 300 dpi is used.

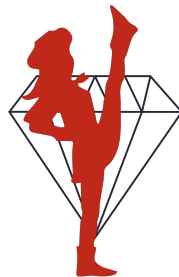

Layout: See the following page for measurements for each ad size. Your image/graphic should be sized accordingly to avoid having any part of your design cut off in the printing process.

Image Quality: As a general guideline, 300 dpi (dots per inch) is a sufficient resolution for most printed materials. Higher resolution means that more pixels are used to create the image, resulting in a crisper, cleaner image. An image will appear pixelated (blurry) when its resolution is low or if the image is significantly enlarged, resulting in loss of quality. If your image/graphic is saved as high quality or taken from a digital camera at a high resolution and left unchanged, it should be fine. Images copied from web pages may have low print quality and should not be used. Images downloaded from sites such as Shutterstock should be fine, provided the originals were taken in high quality.

If you would like us to create the ad for you, we are happy to do so! The cost to create the ad will be an additional \$30.00.

Payments: Zelle payment to dawsondiamondsdrillteam@gmail.com (Comment “Dazzle Ad - Your Name”) or visit us at <https://dawsondiamondsdrillteam.com/dazzle>

Submit print-ready digital advertisements to DawsonDiamondsDrillTeam@gmail.com no later than **April 3, 2026.**
