Q-001

Please provide your comments on how the instructor might improve this course or his/her teaching.

More involved activities.

I think the PowerPoint lecture slides just need to be more clearly stated, other than that, the book states everything needed to know.

Structure of the class was very clear - I was able to make my own schedule for the course which was helpful to me as I work apx. 50hours a week. Professor was quick to respond with any questions and was helpful when I had issues with assignments / due dates.

Professor Hansen was fair in assessing students; engagement individually and holistically. He values a student;s understanding end effort.
