

CLERGY ADVISORY BOARD

The Access MO Clergy Advisory Board includes leaders from a variety of faiths who value and prioritize reproductive rights. Their commitment counters the common narrative that those who are religious are against reproductive freedom. **We hope you will consider joining us.**

HOW IT WORKS

Since we are a Political Action Committee that endorses and funds political candidates, you may serve in your own individual capacity or as a representative of your congregation.

Your name will be listed as a Clergy Advisory Board member on the Access MO website and in our communications.

You will be invited to meetings and events, but are not required to attend.

Supporting Access MO financially, at whatever level you are able, is welcomed, but not required.

WHAT WE ASK OF YOU

- Please **connect us to two or more individuals** who might want to get involved with Access MO by serving on a committee, hosting a house party, or helping us raise funds.
- Invite us to **meet with your congregation** to tell them about Access MO. This might be at a service or a program/event or just to a group of individuals.
- Consider **speaking at the start of an Access MO event** to help ground us in reproductive rights as a faith-based issue.
- Help us **write letters to the editor** or opinion pieces about reproductive rights. These can be written individually or from a group of clergy members.
