i2P16 POD

## The Solution to your Camera Needs *and Budget*

Parks

- ° No Recurring Annual Fees
- ° (1) 95° 4MP Fixed Camera
- ° (2) 25x Optical Pan-Tilt Zoom Camera
- ° NVR and 4TB Hard Drive Built-In
- ° Cellular Router & Booster Built-In
- ° WiFi Ready
- ° Expandable to 16 Total Cameras
- ° $4995 One Time Purchase

The i2P16 makes it easy to have cameras.

Like all our PODs, the i2P16 is quick to deploy and only requires power. The video is recorded directly to the NVR's hard drive. Using the cellular router, video from all 4 cameras can be viewed live, played back and downloaded remotely using desktop and phone apps.

Public Works

City Streets

The Difference between us and them is you have options!

Besides not having to pay every year in perpetuity for each single camera, the other difference is that you can customize your POD to fit your needs and budget.

- ° Add cameras that can do advanced analytics, like face detection or license plate reading.
- ° Use your preferred brand of cameras, routers and computers.
- ° Record to the cloud or your own server.
- ° And more...
