

PRESIDENT BIDEN REQUIRES MASKS TO BE WORN IN ALL GOVERNMENT BUILDINGS. WHY NOT BUY AMERICAN AND SHOW THE WORLD WE'RE SELF-SUFFICIENT, BRINGING INDUSTRIES & JOBS BACK TO AMERICA. IT'S NOT ABOUT SHOWING OFF, IT'S ABOUT SECURITY.

# MASKS

IT'S VERY IMPORTANT TO HAVE INDIVIDUALLY WRAPPED MASKS TO PREVENT CONTAMINATION FROM SOMEONE PASSING THEM OUT OR TAKING THEM FROM A BOX.

Zacuto masks come **individually wrapped** and are ASTM Level 2 medical masks for safe and easy distribution.

# PPE STATION

OUR UNIQUE DESIGN ONLY LETS YOU TOUCH THE MASK YOU'RE TAKING.

Zacuto will deliver PPE Stations to the White House or other government buildings and supply all the custom printed masks needed.

Customizable Graphics

Holds 250 masks

## PER PRESIDENT BIDEN'S "BUY AMERICAN ACT,"

Imagine EVERYONE who enters the White House pulls a disposable mask from the Zacuto PPE Station with each mask proudly displaying "Made In The USA" and "White House" logos.

## WHY THIS IS ESSENTIAL

- 1 This guarantees protection levels for the user, White House staff and guests knowing that everyone has an ASTM Level 2 surgical rated mask. Subpar masks pose a security risk with unknown mask types, unknown ratings and overused masks.
- 2 Everyone on camera including the press corp will bear the, "Made In The USA" and "White House" logos on their mask for the world to see. It sends a message to our citizens, allies and adversaries that America is not reliant on other countries and is independent and self-sufficient when it comes to protecting our citizens.
- 3 The "Buy America Act," supports small businesses like Zacuto USA, a 20 year old American business. Zacuto, a world renowned creator of motion picture camera accessories, now designs, manufactures and distributes the Zacuto PPE Station and FDA registered masks to hospitals and businesses in the USA and Canada.

## FDA REGISTERED

The Zacuto PPE Station works with our custom FDA registered masks. ASTM Level 2 masks are entirely made and individually packaged in Illinois. Shipping can be weekly/monthly and to multiple locations.
