

Our mission is to raise funds for rescuing pets and providing them with a safe shelter for living. We aim to make this world a better place to live for animals by helping pet owners so that they can be provided with medical care and assistance when needed.

We help treat pets who are sick, injured in road accidents, or suffer from untoward conditions. As a non-profit organization, Our aim is:

- • To collect donations for pets in need of medical emergencies, food, or any other needs.
- • To ensure that endangered animals are protected, given medical aid, and the pets are in safe hands.
- • Promoting human treatment of pets and making sure that domestic animals are being treated properly.

We envision a society where animals are taken care of, fed, and sheltered the way their respective body needs are.

Our vision is to collect donations to fulfill the cost of medical treatment of pets.

We focus on the well-being of animals by helping pet owners so that the pets can be kept in a safe and clean environment.
