RE: ECONFINA PRESERVE CANDIDATE INFO SHEET

Friends,

I am writing this info sheet to give a brief history of my background and employment status.

I am a U.S. Gulf War Veteran and served in Iraq and Afghanistan. I received an honorable discharge in 1994. My back ground is in Aviation and Aerospace Science. I currently work for the Dept of Defense and live in south Florida with my wife and 3 children. Although I am not a licensed real estate agent in FL, I have been successfully active in real estate investment for many years.

I purchased my property in the Econfina Preserve last year. Like many of us, I was eager to find a place to relax and enjoy nature with my family. I have been to the Preserve numerous times this year and look forward to continued growth in our community. Much of the land we own is raw and undeveloped. As we develop the land for recreational use, we face various challenges that need to be addressed. We are joined by the land we own and should make every effort to work together to achieve our goals.

I am eager to obtain feedback from all the land owners and share information as we move forward. Therefore, I am submitting my application form to be a candidate to serve as a Director of the Econfina Preserve.

Sincerely

A handwritten signature in black ink, appearing to read "Ken Valentine", with a long horizontal flourish extending to the right.
